YELLOW RIVER IN FLOOD

TERRIBLE ORDEAL OF KAIFENG DISTRICT

Vain Efforts To Appease Tai Wang

(From Our Own Correspondent)

Kaifeng, August 28.
We believe in pouring oil on
troubled waves and waters. The
Chinese believe that it is scientific
to fire cannon across troubled
waters. A few nights ago I
counted at least twelve blasts re-
leased across what a Chinese
friend called the whirling waves
which were horrible as they passed
by Heikangkow; this spot is the
weak part that Kaifeng fears in
these times of flood water.

Since my last letter great sums
of money have been spent to
appease Tai Wang the God of the
Yellow River. This god has been
supposedly in various snakes that
have been on exhibition. Our
Provincial Chairman discovered
that the one attracting such
crushes of people at the big south
gate was dead and he had it burn-
ed.

There are numerous processions
attended by beating of drums.
Women club together and buy
large structures of incense shaped
like our Kaifeng Beautiful Iron
Pagoda; these are sold at prices
ranging from \$5 to \$15. At a
town 15 miles from here \$200 per
day is being spent in these idola-
trous performances. One day
someone raised the cry the water
is coming; in the panic that en-
sued one woman and child were
killed. If \$200 per day is spent in
such a small town, \$2,000 would
be a moderate estimate for Kai-
feng.

The natives liken these summer
rises of the Yellow River to an
animal. The first rise being dan-
gerous is designated the iron head
the second being much less is
likened to a belly of bean curd.
The third, the most feared, and
usually about this time, early au-
tumn, is known as the tail of the
Phoenix.

This third rise was implied in
the telegram that came to the
authorities here on the 25th from
Kansuh, saying that the biggest
spate yet, was on the way down
and might be expected opposite
Kaifeng in two days time. The
local Chinese daily of the 25th re-
ported a big break at Paochow, pre-
sumably west of Fenchowfu in
Shansi, the water destroying the
right hand bank, which meant
pouring into the Shensi province,
as the River divides Shensi and
Shansi in its long reach from
Pootochoer to Tungkwang. "Two
thousand people drowned," the
wire added. The fact that the
river at the time of the wire
was very low at Kaifeng, and that
the break at Lanfeng, leading into
the old bed of the river, did not
contain enough water to flow,
made it practically certain that
our banks would hold the spate.
And also of course because of the
bad burst of the banks on the
Shensi border.

On the 25th there was only a
six foot rise in the river here.
Although that day the freshet was
reported at Tungkwang in the
morning, and at noon at Loyang.

What Saved Kaifeng.

We have no illusions as to what
has saved Kaifeng. The state of
the country along the north banks,
ever opposite Kaifeng reveals the
fact that such vast tracts as there
could hardly be flooded and Kai-
feng district as well. Our cook
baked to be allowed to go to his
native village to find his mother,
wife and brother. He returned on
the eighth day. Crossing the
river it was dangerously rough;
Leaving the boat he had a portor,
of visible land to walk on, then
came a stretch of ten miles when
he waded in water up to the waist
line, feeling his way with a long
stick.

On arrival at what was formerly
his home he found water and
collapsed houses, his mother and
the other living in trees. Rather
proud of a woman of sixty-
three to sleep clinging to a tree
trunk. Numerous animals, but few

people had been drowned in that
locality. The water had been up
to the neck in night.
Mud Dwelling Stands the Strain.
Some folk originally well off
have been reduced to begging, and
as it was strikingly told they did
not know the art of begging.
Downright hunger at last broke
down all reserve and shyness. Un-
claimed cows have been sold for
\$20 and donkey's for \$5.

One Christian man only owned
a mud and thatched dwelling, his
neighbours lived in brick and tiled
houses. As the water rose and
rose, he got to his roof and kept
praying, as the brick structures
collapsed he helped folk on to
his roof, twenty in all. When
morning dawned all the homes
around were under water, fallen
down. Soon after this his house
collapsed, but a boat was at hand
and took them aboard. The only
other Christian couple of the
place got separated when a boat
load overturned. Another boat
took them aboard, but its anchor
rope was torn, and the boat
with the hapless occupants was
whirled along in the swift
current for 36 miles. Their land-
ing was made at a point where the
wife walked back, three days having
elapsed. The husband had given
up hope of seeing his wife again.
The sorghum and millet was
rooted out and swept away. One

IN HONG KONG TO-DAY

SHOWERY.

Yesterday's weather report,
forecast and remarks, issued
by the Royal Observatory at
5.15 p.m., stated:—

The anticyclone over N.
China remains stationary; a
depression is situated to the
north east of Kokkaido.

Local Forecast:—E. winds,
moderate; fair to showery.

gathers that the people are bring-
ing up from the debris of what
was once their house, grain, this
of course is soggy and only eatable
by those in the need there pre-
vailing.

In three weeks time there will
be nothing left, and no harvest to
recover.

The Bridge Survives

Extraordinary, yet true, trains
are crossing the Yellow River
bridge at Chengchow. I am told
that \$8,000,000 is available for its
repair, one hopes this is true and
not an account which appeared
in the press, viz. that such a sum
had once been on hand but had
melted away.

Missionary's Sudden Death

The Missionary Community suf-
fered a loss by the death of Miss
Edwards of the Free Methodist
Mission. Taking ill on the Satur-
day night at 9.30 her death oc-
curred at midnight. This was at
the city of Khsien, forty miles
to the south east of Kaifeng. Pro-
bably the heat was the cause. A
number of adults and infants died
here during the great heat from
heat stroke.

tambour, whistle, flute, pipe, bag-
pipes, horn, trumpet or any other
wind instrument, or any bamboo,
wooden, brass or any other wood
or metal instrument or utensil.

There are exceptions for whistles
blown to call assistance and for
horns and bells on road vehicles,
which, however, must not be
sounded for a period longer than
is absolutely necessary.

Gramophones and loudspeakers
in streets and shops are banned if
they cause annoyance.

SHANGHAI TRAGEDY

American Sailor Stabs His Wife

Shanghai, Sept. 6.
Chief Petty Officer George Dan-
ko, of the United States Navy, has
been taken into custody following
a domestic quarrel which resulted
in the stabbing of his wife.

Mrs. Danko, a pretty 26-year-
old Russian woman, is lying grave-
ly wounded in hospital. She is
not expected to live.

Danko himself took his wife to
hospital after stabbing her during
a bitter quarrel.
He was stationed in Tsingtao for
the summer, but he apparently
heard something which caused
him to desert his ship and to
leave at once for Shanghai.

Travelling by railway, via Tsi-
nanfu and Pukow, he arrived in
Shanghai yesterday morning and
went at once to the house where
his wife is alleged to have been
staying with a Russian.

Not Yet Charged
After an altercation, it is alleg-
ed that Danko stabbed his wife in
the abdomen with a knife. He
seems to have been overcome with
remorse at the outcome and fran-
cally took steps for her convey-
ance to hospital.

He was arrested there by the
police.

Later in the day, the police
handed Petty Officer Danko over
to the American authorities, but
no formal charge has yet been
laid.—Reuter.

Keep young

Such Symptoms as these are WARNINGS:

Easily induced fatigue, dizziness,
difficult breathing, blurred
vision, low resistance against
colds and infections

All your life, but especially when you have passed
the age of 40, calcium deficiency is a distinct
menace to your Health. Enrich your blood with
calcium, and avoid unpleasant reminders of
advancing age. Keep your arteries young, and
conserve your vital powers. And you can do this
—with Kalzana.

KALZANA lowers high blood-pressure

Kalzana, the calcium-food,
prevents all ill-health due to
calcium shortage, because it
supplies the extra calcium
needed in a palatable and
easily digested form.

Kalzana gives a new lease of
life to the weakened body-
cells (each of which demands
calcium) and — what is of
vital importance — Kalzana
lowers high blood-pressure.

High blood-pressure
High blood-pressure causes

dizziness, heart troubles and
a host of other unpleasant
symptoms. Kalzana — by
lowering the blood-pressure
— alleviates the trouble and
will give you a new enjoy-
ment of life.

Start taking Kalzana to-day
to restore and conserve your
energy and vital powers, to
fortify your heart and to
reduce high blood-pressure.
You can remain healthy
throughout middle and old
age with Kalzana.

Kalzana is obtainable at
all Chemists

Cake Failures May Be Due To Various Causes

There are a number of things which might cause cake failures and here is a list of them. Check them carefully and you will probably be able to correct existing cake troubles:

When a cake "falls in the middle" it may be caused by insufficient quantity of flour or leavening ingredient.

Or incorrect oven temperature, or removing from the oven before sufficiently baked.

Heavy cakes are often occasioned by too slow an oven or too large an amount of sugar and butter.

A cake is solid or "bread" when too much flour is used.

An uneven surface with cracks on the top of the cake occur when too much flour has been used.

Or too great a heat is used at the first part of the baking time.

Coarse grained cakes may be due to too much leavening ingredient, such as baking powder, soda, etc.

Or too slow an oven temperature or insufficient mixing and blending of the butter, sugar and eggs.

If nuts and fruits sink to the bottom of a cake it is due to a batter which is too thin.

ICED COFFEE

Pour a pint of boiling water on to two tablespoonfuls of freshly ground coffee to which a pinch of salt has been added. Give a good stir round and leave for the grounds to settle. Then strain into a clean jug, add an equal quantity of milk with sugar to taste, and leave in refrigerator or cold enough to use.

Barley Water and Grapefruit
Put an ounce of well-washed pearl barley into a saucepan with a pint of cold water, bring slowly to the boil, and simmer for about forty minutes, adding more water if necessary. Leave to cool slightly, and then strain into a jug in which a large lump of ice has been placed. Stir in the strained juice of half a grapefruit, sweeten to taste, and use.

Baked Fish

Baked stuffed fish is one of the nicest dishes you can serve your family for lunch on a hot day. It's the planning and preparation of hot dishes which cause the home-maker trouble and worry. Easy enough to have all the appetizing cold dishes—but everyone needs at least one hot dish a day, no matter how high the temperature rises.

Fish is simple to prepare and easily digested.

Here's the way to make, stuff and serve a fish which will serve four people:

You need a two and one-half pound fish, 4 loaf of stale white bread, 1 small onion, 1 corn on the cob, 2 large tomatoes, 4 small new potatoes, 1 pound string beans, 4 patty shells, 1 cup milk or 1-3 cup of cream, 1 tablespoonful of butter and a few anchovies.

You may use lapu, mackerel, sea bass or any other fresh fish which your favourite market has in stock.

Clean the fish, slit carefully and remove the backbone without disturbing the meat. Make a bread filling out of the soaked stale bread, chopped onion, thyme and seasoning. Stuff the fish with the filling.

Place in an oven and allow to bake 30 or 40 minutes. While the fish is baking, prepare the vegetables that are to be served with it.

Boil or steam the corn on the cob. When it is quite tender, cut off the kernels. Place them in a saucepan and add butter, milk or cream, salt and pepper. Stir the mixture while you are heating it.

Do not put the creamed corn in the patty shells until just before you are ready to take the platter of fish to the table.

Halve the tomatoes and bake them in a saucepan to which has been added enough water and butter to keep them from burning.

Boil the string beans and potatoes in the ordinary manner.

When the fish is cooked, place it on a platter and arrange the vegetables around it. Two halves of tomato, two patty shells filled with creamed corn and two boiled potatoes should be placed on either side of the fish. Sprinkle the string beans over both fish and other vegetables.

Garnish the baked fish with anchovies.

Waffles.

Whittaker's jams are particularly good when served with fluffy hot waffles for which we will give you the recipe:

One cup Swansdown or Simpsons self raising flour sift 3 times. 2 tablespoons melted butter. 4 eggs and a pinch of salt. Enough milk to make a medium batter.

Beat egg yolks, gradually add flour and milk, alternately, then put in melted butter. Fold in egg whites, which have been beaten stiff. To get the best results use an Electric Waffle Iron, which should be well heated before pouring in batter.

Some facts about
Baby's milk that
every mother
should know

THE purity of the dairy milk used in Baby's diet is of vital importance—but consistent quality is important too. Dairy milk varies in composition according to the district in which it is produced and milk that varies is not good for Baby's digestion. Devonshire milk is richest in the nourishing elements that Baby needs.

That is why "Ambrosia" is such a blessing. It is Devonshire milk exclusively, purified and dried in Devonshire itself as soon as it comes from the cows, by a unique process that retains the important vitamins. The quality of "Ambrosia" never varies and it is many times purer and more digestible than any liquid milk you can buy. For these reasons "Ambrosia" is extensively used and recommended by Hospitals, Clinics and Doctors. It is the ideal Milk Food for Expectant Mothers, Nursing Mothers and Infant feeding.

There's
no WASTE in
KRAFT CHEESE.

Good to the last creamy morsel! The last cut from a pound or half pound portion is as fresh and "morsel" as the first! There's no waste in Kraft; never gets oily, never breaks or crumbles. There is no rind—the tinfoil wrapping means economy, hygiene, and protection.

Sold in 1 lb., 1 lb. cartons and in 5 lb. blocks.

DAIRY FARM, ICE & COLD
STORAGE CO., LTD.

Lace Curtains

Fragile lace curtains should never be rubbed or the threads will soon break and the curtains wear out quickly in consequence.

The best method is to fill a large milk or wine bottle with soapy lukewarm water. Push the curtain through the neck of the bottle, and, with one hand over the opening, shake the bottle briskly for some minutes. Repeat this process until the curtain is clean. Washed in this manner, the lace cannot possibly tear.

If the lace is coffee-coloured it should be passed through a rinsing water consisting of weak or strong coffee, according to the shade required. Roll it up in a towel and iron with a fairly hot iron after about an hour.

The lace should be ironed fairly damp as it will then come up the right stiffness without starching.

The easiest and cheapest way in the end is to send them to the Steam Laundry; your curtains will look like new when returned to you.

APPLE, TOMATO AND
BACON SAVORY

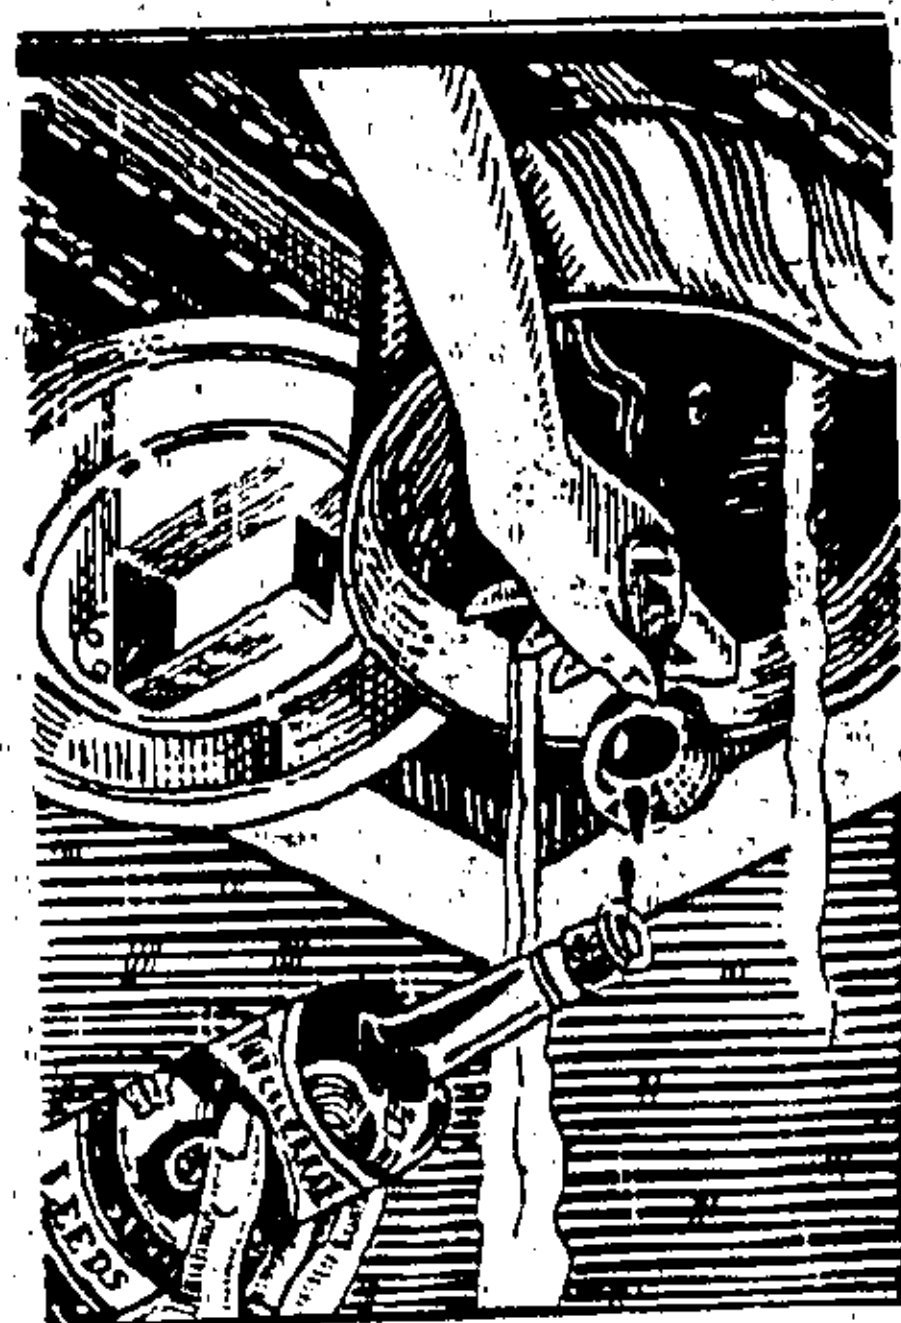

For four people, allow eight French prunes, one large sweet apple, eight small rashers of bacon, two tomatoes, four fingers of toast.

Cook the prunes in a very little water till quite soft. Peel the apple, cut it into eight sections, and remove the core. Split each prune down one side, take out the stone, and put in its place a section of apple. Roll the stuffed prunes in the bacon rashers, and fit them on to a skewer. Slice the tomatoes into eight pieces, lay them on a plate, sprinkle with sugar, put a small piece of butter

REISS, MASSEY & CO., LTD.

A.P.B. 1

What to Order To-Day?

Tiffin.
Soused Pomfret
Eggs à la Goldenrod
Vegetable Salad Mould
Apple Meringue Vol au Vent

Dinner.
Milk Soup
Hot Spiced Fish
Chicken and Asparagus Jelly
Peach Sherbet

Extrà à la Goldenrod.

1 tablespoon butter or margarine; 1 tablespoon flour; 1 cup milk; 1/2 teaspoon salt, pepper, parsley; 4 hard boiled eggs, 5 slices toast. Make thin white sauce with butter, flour, milk and seasonings. Separate yolks from whites of eggs. Chop whites fine and add them to the sauce. Cut four slices of toast in halves lengthwise and pour sauce over them. Force the egg yolks through strainer or potato ricer, letting them fall upon the sauce. Garnish with parsley and remaining toast, cut into points.

Vegetable Salad Mould

2 cups boiled chopped potatoes; 1 cup boiled carrots; 1 cup boiled peas; 1 cup boiled green corn; 1 cup boiled celery; 1 tablespoon grated onion; 1 tablespoon minced parsley; mayonnaise sauce; lettuce. Mix all the ingredients with dressing to barely blend. Season as needed with salt, pepper, and little mustard. Pack into a mould lightly rubbed with salad oil, weight down so that the salad will hold its shape, chill for several hours, and unmould on a dish. Serve garnished with lettuce, extra dressing, halved stuffed eggs, sliced mixed vegetables.

Apple Meringue Vol au Vent.

1 vol au vent case; 1 lb. apples; water; sugar to taste; 1 lemon (rind only); 1/2 oz butter; 1 egg; 1 tablespoon sugar. Prepare the apples as for stewing and cook them till tender, adding sugar to taste, and sufficient water to keep them from burning. Then rub them through a sieve. Return them to the saucepan, add the butter and finely grated lemon rind, and beat in the yolk of the egg. Cook this for a minute or two without letting it boil, then cool it a little before turning the mixture into the vol au vent case. Whisk the egg white to a stiff froth and fold in the sugar. Heap this on top of the apple and put the vol au vent into a cool oven to set and lightly brown the meringue. Serve it decorated with pieces of crystallised rose leaves. Sufficient for four.

Hot Spiced Fish

2 cups cold cooked fish; 1 tablespoon malt vinegar; few drops onion juice; 1 teaspoon Worcester Sauce; 2 cloves; small piece of bay leaf; 1/2 teaspoon salt; 1/2 teaspoon pepper; 1 cup stewed strained tomato; 2 tablespoons butter. Toast or boiled rice. Scald to-

gether the vinegar, onion juice, bay leaf, cloves, salt and pepper. Flake the fish and pour the hot mixture over it. Allow to stand for 30 minutes, then remove the spices. Add the tomato, Worcester Sauce and butter, bring to boiling point, and serve on toast or in a border of rice.

Peach Sherbet

Open a can of Beulah Peaches and cut in quarters press through a colander or coarse sieve, there should be one quart of prepared pulp. Boil 4 cups sugar with 1 cup of water 10 minutes, and add to peach pulp with the juice of 1 lemon. Mix these with the unbeaten whites of 5 eggs, turn into a freezer, and turn until smooth and frozen.

DEVILLED MUSHROOMS AS A SAVOURY

For three people, allow six large mushrooms, two ounces butter, two teaspoonsful French mustard, one teaspoonful English mustard, one teaspoonful lemon juice, one desertspoonful sweet Mango chutney.

Wash and dry the mushrooms, removing skins and stalks. Make a paste with the butter, mustard, lemon juice, and chutney—the chutney may need chopping finely. Spread the mushrooms with this mixture, put them in a baking dish, sprinkle with salt and a little cayenne, coat with fine breadcrumbs, pour melted butter over each, and cook in a hot oven for fifteen to twenty minutes.

Cheese Cookie Something New And Delicious

Frosting Adds Touch, As Does Sprinkling Of Chopped Nuts

Here is a cookie which is very simple to execute, yet of delicious flavour, when finished.

Cottage Cheese Cookies

1 cup sugar.
1 cup cottage cheese, well drained.
1 egg.
1 teaspoon baking powder, either kind.
1 cup shortening.
3 cups cake flour.
1 teaspoon lemon juice.

Grated rind of one lemon.
1 teaspoon cinnamon.

Cream shortening, add sugar, lemon juice, grated rind and cinnamon and cream together very well. Add cottage cheese which has been forced through a fine wire sieve and mix thoroughly. Sift flour, measure, add baking powder and sift together twice. Add flour mixture to first mixture. Blend well. Shape into balls about one inch diameter and bake on greased cookie sheet, or shallow pan. These cookies will not run, so they can be placed one inch apart on the sheet or pan. Use a 375 degree oven and bake them fifteen to twenty minutes. When baked they may be dipped into your favourite frosting and rolled in chopped nuts or coconut.

N.B.—The cottage cheese can be procured at the Dairy Farm.

Hints To The Wise

A woman should be as particular about her complexion as she is about her dress, more so, at this time of the year. The sun can be a friend as well as an enemy to your looks. Feed your skin with the nourishment that it needs, with the necessary creams. There are so many reliable drug stores carrying a large and varied stock of toilet articles and the prices are really so very reasonable that one does not have to spend so much nowadays with the low cost of these necessities, as they really are.

A. S. Watson and Co., carry a complete stock of Elizabeth Arden's toilet preparations. They also carry another very good line "Yardley's." Glanced through their stock in the various cases, and the fragrance of the Lavender was quite refreshing. Their stock is varied and their sales ladies will gladly show you the latest in cosmetics.

At the Grand Dispensary we noticed they were selling their Ambrosia outfit at surprisingly low prices.

This enterprising drug store is introducing a new make of toilet article called the "Luckstone."

To Remove A Corn

Here is a remedy for you. Get your chemist to mix for you thirty grains of salicylic acid and half an ounce of flexible collodion. Be careful to keep this away from a fire as it is highly inflammable. Paint it over the corn with a small camel's-hair brush every night until the corn can be peeled off. Soak your foot in warm water before lifting out the corn.

WHY SUFFER FROM

| | | | |
|------------|-------------|---------------|-----------|
| Influenza | Colds | Headaches | Neuralgia |
| Rheumatism | Nerve Pains | Sleeplessness | Lumbago |
| Toothache | Earache | Irritability | etc. etc. |

THERE is no long waiting for results. A few 'ASPRO' Tablets and relief practically follows immediately. Furthermore, with 'ASPRO' there are no injurious after-effects, because 'ASPRO' contains no dangerous dopes or drugs and it does not harm the heart. Cheap drugs and medicines are always dangerous—they cost far more in the long run—they intensify attacks—rob you of vitality through weakening the system—and lower your power of resistance.

Remember! 'ASPRO' is guaranteed to contain no dangerous drugs. It is concentrated pure healing service in Tablet form.

You can obtain 'ASPRO' from any chemist or store in Hong Kong. 'ASPRO' has been proved and demonstrated by thousands to be the greatest pain reliever in the world. Furthermore, it restores you to good health by removing the cause of numerous complaints because 'ASPRO', after ingestion in the system, is anti-pyretic—anti-periodic—anti-fermentative—anti-septic and a solvent of Uric Acid. Every house which has a packet of 'ASPRO' in it is provided against most complaints and sudden pain attacks.

'ASPRO'

Does Not Harm the Heart

The PURITY of 'ASPRO' conforms to the standard laid down by the British Pharmacopoeia—the guiding authority of the Medical Profession. With 'ASPRO' there is no Free Salicylic Acid, therefore, it does not harm the heart, or have any injurious after-effects, such as palpitation, nausea, digestive or other troubles. Safeguard your health and heart by always insisting on 'ASPRO'.

5 MINUTES
FOR RELIEF WITH
'ASPRO'

There is nothing indefinite about 'ASPRO'. Its service is QUICK—safe, effective and definite. It gives you relief in 5 to 10 minutes and then goes on to dispel or dissolve the cause of the pain, allowing Nature to effect its own cure. Furthermore, you get no harmful after-effects from 'ASPRO', as it is speedily eliminated from the system a few hours after being taken. It neither dopes, deadens nor drugs.

What 'ASPRO' Does:

- 1 It Stops Violent Headaches in 5 to 10 minutes.
- 2 It Brings Sweet Sleep to the Sleepless.
- 3 It Relieves Rheumatism in one night.
- 4 It Relieves Children's Growing Pains.
- 5 It Saves many a Sound Tooth by Removing Toothache.
- 6 It Brings Relief without causing sickness, indigestion or cramping.
- 7 It Stops Pain without harming the Heart.
- 8 It soothes away Irritability.
- 9 A hot lemon drink with 2 or 3 'ASPRO' Tablets will smash up a Cold or Flu attack in one night.
- 10 It Reduces Temperature in 5 minutes.
- 11 It can be taken at any time, in Tram, Train, at Home, at Business—anywhere—everywhere.
- 12 It gives the greatest relief ever known to women at their times of periodical depression.
- 13 It Stops the Ill After-Effects of Alcohol.
- 14 It Relieves Dengue and Malaria by reducing the fever.
- 15 As a Gargle, 'ASPRO' is wonderful for Sore Throats, Tonsillitis, etc.

'ASPRO' is Woman's Best Friend

DODWELL & CO., LTD., Distributors.
THREE PACKINGS—5's, 10's and 25's.

SOME FOREIGN DISHES

Here are a few dishes which are popular in the countries from which they come. They are simple to prepare and will lend variety to your menus.

AMERICA

Grilled Porterhouse Steak.

which is a steak about 1 1/2 inches thick, cut from the sirloin. Season it with salt and pepper, brush it over with a little melted butter or salad oil, and grill. It should be slightly underdone and served with crisp, dry, fried onions and chips.

AUSTRIA

Wiener Schnitzel.

Thin slices from a fillet of veal, dipped in the beaten yolk of an egg, then in fine white breadcrumbs, seasoned with salt and pepper, and fried a golden brown in hot butter or fat. Garnish with a slice of lemon on each, a stoned olive and boned anchovy on the lemon, and put capers and chopped hard-boiled eggs round the dish.

SPAIN

Bacalao à la Viscaina.

Soak 1 lb. of dry salt cod in cold water for 12 hours. Roll till tender, remove the bones and cut the fish into 2-in. lengths. Sprinkle with flour and fry till well browned. Put 1 lb. of tomatoes in a saucepan with 3 pimientos (tinned sweet peppers), 2 chopped onions, 2 cloves of garlic, and a little butter. Season with salt and pepper and simmer for about 2 hours. Strain this sauce, put a little in the bottom of a fireproof dish, lay the fish over it and cover with the rest of the sauce. Garnish with (Continued on next column)

HOW TO LOSE 15 POUNDS

Here's a tip on weight-reducing! Patricia Farley was working as an extra on Paramount's "Night After Night," when the producer noticed her good work and promised her a contract if she would reduce sufficiently. In thirty days she reduced fifteen pounds. This is how she did it.

Grapefruit, black coffee and dry toast for breakfast, salad and tea without milk or sugar for lunch and clear soup, a little lean meat, vegetable and salad for dinner. This diet was combined with a five mile walk each day and fifteen minutes of vigorous exercise. Rather strenuous we must admit.

fried onions and fried tomatoes, sprinkle with breadcrumbs and fried parsley, and put in the oven for 10 minutes.

ITALY

Risotto con Funghi.

Fry 1 small onion to a golden brown. Then add 3 or 4 sliced mushrooms, and cook for about 5 minutes. Add 1 lb. of rice, 2 pints of boiling chicken broth, season with salt and pepper, and simmer for 30 minutes. Before serving, sprinkle with 8 oz. of grated Parmesan cheese, and pour a little melted butter over the whole.

Tough Sponge Cake.

To leaven a mixture with eggs (to make it light) we generally separate the white from the yolk, because the egg white when beaten contains a greater number of air bubbles so necessary for causing lightness and fluffiness in the various kinds of cakes (angel, sponge, etc.) for which they are used. The same rule of heat still applies, though all need a moderate temperature if you want them to be light and tender. Think of all the tough sponge cakes you have eaten, caused no doubt by the egg albumen being hardened by being put into a "ferce" oven.

A Question of Exercise

Exercise is the best way of getting rid of the little roll of fat. Kneel down on the floor with heels together, toes bent forward, hands on hips. Keeping your body rigid from knees to head, lower it backward slowly. Return to upright position on knees and repeat twenty times.

WHITTAKER'S HIGH CLASS JAMS

"Well worth looking into"

7, Queen's Road, Central

Fresh peas in tins, yes, but packed so quickly after the vines are cut they come to you actually fresher than the so-called fresh peas of the market. Packed under Sanitary conditions at Boston, Linces, England. (Buy them by the case from any good dealer, NOW—at surprisingly low prices).

STRAWBERRIES

Raspberries, Plums, Black Currants packed right, and preserved in tins. These delicious fruits come from England, and are put up in pure fruit juices. Served with Ice Cream or Chilled in your WESTINGHOUSE REFRIGERATOR will make just the dessert you need to top a good dinner. Can be obtained at all reliable dealers.

TINPLATE BOOM

Orders In Hand Much Higher
Than Last Year

London, Aug. 22.

Holders of Malayan tin shares will be delighted to hear that one of the brightest spots in British industry at the moment is the tinplate trade. Official information is to the effect that orders in hand amount to approximately 3,000,000 boxes of tinplates, compared with 2,000,000 boxes at this time last year. And a box is roughly a hundredweight of tinplates.

The two factors which have contributed most to this boom are the rapid growth in the tinning industry in this country and the advantage given to British manufacturers in the Canadian market by the operation of, preferential tariffs under the Ottawa agreement. Incidentally, the British canners hope to be in a position soon to tin "Sunday dinners," the old English stand-by of "joint and two veg." The technical difficulties involved have been largely overcome and it will be possible to "test the markets" within a few months.

A Charming Scene from a very popular picture.

UP FOR THE
DERBY

Sidney Howard's
Latest Success

The management of the Central Theatre have always been known to study the taste of the public very keenly before putting on any picture, but they have been particularly happy in their choice this last week when two roaring British successes were put on consecutively. First of all we had Jack Hulbert in "Happy Ever After" and no mention need be made of this picture for it must still be fresh in the minds of those who saw it while those who have not seen it yet no doubt will make it a point of doing so if the picture should happen to be given a second run.

The current attraction, "Up For The Derby" is entertainment, pay excellence. Sidney Howard has treated us to some excellent acting in the past and when one says that in "Up For The Derby" Howard excels himself, that alone should be surety for a delightful time.

It was indeed funny to see how this versatile actor finds himself the possessor of a "lame horse" and the climax is reached when we see him finally leading in the winner of the classic event.

Dorothy Bartlam has an important role in "Up for the Derby" and this charming young British actress, possessor of a delightful naturalness of manner, gives a charming performance.

"NO OTHER
WOMAN"

Tale Of People Who
Made Good

Jim Stanley figured somebody had to make steel and it might as well be he! It took strong men to do it—and Jim was proud of his strength, proud of being a "first helper," proud of getting the largest pay envelope!

Anna, his wife, wanted something more than the ugly life of the dirty steel town—she wanted fine things and fine people. She wanted them so much that she slaved at running a boarding house the first two years of their marriage and saved enough money to invest in a dye formula discovered by a young Polish whose ambitions she had always encouraged, to the annoyance of Jim.

Jim quarrels with Anna over this and goes on a spree. He agrees only as a conciliatory gesture, being thoroughly ashamed of his behaviour and assuring Anna that for him there can be "no other woman."

However, with success and riches that follow, there is another woman, as dramatically related in "No Other Woman," RKO Radio Picture featuring Irene Dunne, Charles Bickford, Gwili Andre and Eric Linden at the Central Theatre on Saturday.

J. Walter Luban directed "No Other Woman," which is from the play, "Just A Woman," by Eugene Walter, and a story by Owen Francis. Wanda Tuchock and Bernard Schubert wrote the screen play and others in the cast are Buster Miles, Leila Bennett, Christian Rub, J. Carroll Nash, Hilda Vaughn, Brooks Benedict and Joseph Bernard.

"DANGEROUSLY
YOURS"

Warner Baxter And
Miriam Jordan

Warner Baxter and Miriam Jordan, who made her recent film debut with him in "Six Hours to Live," are together again in "Dangerously Yours." Fox Film production which has its first showing to-day at the King's Theatre.

Also prominent in the cast are Herbert Mundin, popular comedian, Florence Eldridge, Florence Roberts, Nella Walker, Will Davidson, Arthur Hoyt, Tyrell Davis and Mischka Auer.

"Dangerously Yours" was adapted for the talking screen from Paul Hervey Fox's novel by Horace Jackson, screen author of "Holiday," "Paris Bound," "Sin Takes a Holiday," "Animal Kingdom" and other successes.

Briefly it revolves around the adventures of Baxter in the role of suave society crook and Miss Jordan as a detective employed by an insurance company to protect its clients' jewels from such men as Baxter. The girl sleuth sets a clever trap for the wily thief, only to be outwitted and shanghaied aboard his yacht in which he puts out to sea. Eventually she falls in love with the man she is supposed to bring to justice, and her solution of the problem is said to supply a surprising denouement to his fast-moving story.

Frank Tuttle, whose most recent productions were "This Is the Night" and "The Big Broadcast," directed "Dangerously Yours."

"PEG O' MY HEART"

Marion Davies At
Her Best

Marion Davies gives the finest performance of her entire career in the delightful "Peg O' My Heart," which is coming to the Queen's Theatre on Sunday. Never before in this writer's view has the vivacious star clothed a character with such sincerity and sympathy. The talking picture version of the play that has been acclaimed in the theatre for more than twenty years, has a freshness and sparkle all its own. There is not a lagging moment or a flaw in the simple clarity of its sweet romance. It is just the kind of picture people want to see these hectic and troubled days.

Miss Davies' Peg is individual and not patterned from the Peg created by Laurette Taylor. Yet her interpretation of the role is none the less genuine and familiar in character. All the joyous charm of the little Irish lass is intact.

Robert Z. Leonard, responsible for so many of Miss Davies' past successes, directed the J. Hartley Manners play from an adaptation by Frances Marion and screen play by Frank R. Adams.

The film marks the debut as a leading man of Onslow Stevens, who gives promise of filling a new berth in the popularity of feminine fans. Stevens has a distinct personality of his own that registers strong in a quiet and repressed manner of performance. Others in the splendid cast of the Metro-Goldwyn-Mayer feature are J. Farrell MacDonald, Juliette Compton, Irene Brown, Tyrrell Davis, Alan Mowbray, Doris Lloyd, Robert Grieg, Nora Cecil and Geoffrey Gill.

Michael, the dog in the film, captures honours all his own. He is well worth watching for.

Fingers, in order to get rid of Babe. At the invitation of Griswold (Irving Pichel), a newspaper editor, Fingers talks, and what he has to say results in the suicide of three of the millionaires involved, and Atlanta for the rest of them.

ECHOES OF 1858

63.—Public Information Suppressed
By Government Alleged

(December 9, 1858).

To illustrate the length to which even our present administration will go to favour their own malignant mendacious organ, and to conceal their doings from the community they are so bountifully paid to serve, we may mention the following fact. There was a meeting of the Legislative Council on Saturday, which we reported in our issue of Monday. As therein stated the meeting was adjourned, but as there seemed a little discussion among the Councilors as to fixing a day for the adjournment, we left in haste as the sitting had occupied five hours. We made sure that the Gazette would notify the day, because it had been decided that a portion of the proceedings should be published therein which was done, but not a word regarding the adjournment. Saturday's sitting was announced only in one paper, so that it is clear unless intelligence can be transmitted through the foul medium, it is not to be communicated at all.

It seems that the adjournment meeting took place yesterday, which we being ignorant of, did not attend. We much regret this for our own sakes as well as our readers. We give the Government hereby fair notice, that if such an unfair, unwarrantable, barefaced liberty be continued with public interests, or in other words, if the

private spleen of public officers is allowed to pervade their public acts, we shall decline on public grounds to supply them with the few copies they take of this journal, for which we privately feel obliged to them for subscribing to. If they are determined to be at war with all that portion of the Press which they cannot subsidise, so let it be with all our hearts. All we ask for is civility of the very commonest description. That refused, vigour is given to our pen, and a relish to our strictures.

This tender to Labuan has been sacrificed to the unworthy purpose, we denounce. The Gazette is an adjunct of the Government organ. The tenders to Labuan were advertised in it only. We know of two parties who never saw it and would have tendered lower. The "Daily Press" has more circulation than all the other local papers put together—and to show our public spirit, we will insert all the invitations for tenders free, provided they are sent to us as if they came from parties entitled to respect. Economy therefore cannot be urged.

A SUGGESTION.

Hinnam has desired us to state that the fire did not occur in his house, but in Samyock's kitchen, which from the description given us of its construction, was a very dangerous affair. It would be a good plan for the police to survey all the kitchens of Chinese houses.

MALAYA TO BE SACRIFICED?

COERCING INDUSTRY INTO CONTROL

"Dutch Plan To Restrict British Rubber"

London, Aug. 23.

Though, according to all reports, very little is being done in regard to rubber restriction at the moment, plenty is still being said. Controversy rages as fiercely as ever, as you will gather from the following two extracts, made from editorial articles appearing in London newspapers on Thursday morning.

"Subject to qualifications of one kind and another, the weight of opinion in favour of control of output in the rubber industry is undoubtedly growing. It is rare to find any public expression of authoritative opinion of the old-time school which saw salvation only in the unrestricted operation of the law of supply and demand and the survival of the fittest."—Financial Times, August 17.

"A secret war is being fought by the world's rubber producers, the issue being whether the rich territories of British Malaya shall be sacrificed to foreign interests and to those of international financiers. A strong bid is being made through underground channels to coerce the rubber industry into a policy of restriction which would throw out of employment 250,000 British Malaysians and large numbers of English and Scots officials in the Far East. And nurse the out of date rubber plantations in the Dutch East Indies until they are in a position to compete with British rubber. Meanwhile British producing interests are fighting the restriction policy tooth and nail."—Daily Express, August 17.

"Statistical Position Extremely Unsatisfactory."

The opinion voiced by the Financial Times was included in a leading article commenting on the speech made at the annual meeting of Merlimau Pegoh Ltd., by the chairman, Mr. G. Kingsley. After reviewing the company's position, he emphasized that the directors were in favour of "some scheme of international character to regulate the balance between production and consumption." He considered the statistical position in relation to stocks, production and consumption to be "extremely unsatisfactory, and felt that they could be sure that any appreciable rise in the price of the commodity would not bring increased quantities on to an already over-loaded market."

He believed, concluded Mr. Kingsley, that the restriction scheme would prove most successful, and while it might be difficult to make any scheme of rubber control administratively practicable, the inevitable results of an international scheme were well worth striving for. Any improvement in the financial condition of their industry would react not only to the benefit of shareholders, but also to the benefit of the many thousands of

employees of all classes who relied, directly and indirectly, on the industry for their very existence. He had some practical experience of the difficulties which confronted any committee which was set the task of conducting negotiations such as those for rubber restriction, and he therefore advised shareholders not to lose heart because action seemed to be unduly delayed.

In its comment on this speech, the Financial Times points out that world stocks of rubber stood at 598,000 tons on June 30, compared with 585,000 a year earlier.

The Daily Express thinks—The "Daily Express," after making the statements I have quoted above, characterises the latest proposals for rubber output control as "The Dutch plan to restrict British rubber," and says that this plan is simply explained—

Malaya is the world's largest rubber producing centre, and last year produced 400,000 tons out of the world's total output of 700,000 tons, as compared with the 210,000 tons exported by the Dutch East Indies.

At the present price of 4d. per lb., Malayan rubber is "looking up," and where capitalisation is reasonable companies are earning about five per cent. Moreover, Malaya has immense new areas of "scientifically planted" trees, which are expected to earn 25 to 30 per cent, even with the price at 4d. a lb.

The D.E.I. are by no means so well off, and are not satisfied with 4d. a lb. because their out of date plantations will not be ready to compete with British rubber for some years. Therefore, the Dutch propose an agreement to restrict all rubber production, and wish British Malaya to reduce its output by 50 per cent, which would force rubber up to 1s. 8d. a lb. and yield Dutch plantations a profit which they cannot earn now.

The results of this procedure, again according to the "Daily Express," would be, briefly, as follows: British Malaya's move for a bigger and more profitable output at 4d. a lb. in a free market would be annulled, and a British Empire material which comes to Britain for manufacture and sale would be made more expensive. Manufacturers would be driven to look for synthetic products to undercut and displace British rubber.

Finally, the "Daily Express" states: "The manoeuvres of the restrictionists are surrounded with a good deal of secrecy. An informal committee has been negotiating for three months to bring about a restriction agreement. It is composed of four British, one Belgian and four Dutch representatives. Its arrangements, if any, would need to be approved by the council of the Rubber Growers'

MARRIAGES IN MANILA

Increasing In Spite Of Depression

Manila.—The romantic business of marriage is picking up (or, rather, has picked up) in Manila! Which proves that Cupid's ways, in spite of the fact that the country has been labouring under one of the worst economic crises it has ever seen, are (or have been) devastating.

In 1931 a total of 2,613 marriages was contracted in Manila, as compared to 2,962 last year, or an increase of 347, according to figures released yesterday by the bureau of health.

Apparently inspired by Manila's rising marriage rates, Dr. Jose P. Bantug, chief of the bureau's publicity division and a noted antiquarian, commented romantically thus:

"Among Occidentals, 'contracting marriage is a solemn obligation, and many factors are taken into consideration before the contractual parties decide on this momentous question of their lives. Mutual love, of course, must exist, but this is well relegated into the background when a final decision is reached, as the economic consideration is paramount in their minds. They believe that without a sound economic basis marriage cannot be stable. Here in the Philippines, however, a different philosophy is followed. Financial consideration is but of secondary importance, mutual love being the first and in most cases the only important prerequisite. This is probably because we view the subject from the standpoint that two can fight better life's struggles than one. This probably in time gave rise to a condition so often admired by foreigners in the family life of the Filipino woman; that the woman is equal to and sometimes better than her husband in the management of business and funds. The Filipino wife is not content with passing through life in passivity, but on the contrary, she is ready to put up front and battle with her husband for the economic uplift of the family."

"That this increase in the marriage rate has not been influenced by the relative increase in population is shown by the fact that for 1932 the population of the city of Manila was 341,034, representing an actual increase of 4,128, or 1,223 per cent, over that of the preceding year."—"Manila Bulletin."

Association, a council numbering 60 members."

U.S. Consumption Record.

Simultaneously with the publication of the views which I have just summarised, information arrived from New York to the effect that the average daily consumption of rubber in the United States during July created a new record (Continued on next column)

LOCAL WEDDING

MURPHY-HARD

A very pretty wedding took place on Tuesday between Mr. G. P. Murphy, one of the overseers of the Public Works Department and Miss Violet Hard.

Both bride and bridegroom are well-known and popular among a large circle of friends, most of whom were present at the ceremony.

The bride was attired in a charming ensemble of ivory elephant crepe, trimmed crystals and smart beret of same material with tulle veil by "Eunice."

Her bouquet was of white gladioli.

Her mother wore a lace ensemble artistically carried out in beige and tangerine silk lace by Eunice, and wore a French hat to tone. Her bouquet was of flame colour— (Continued on previous column)

LORRY DRIVER SENT TO PRISON

BAD CASE OF DANGEROUS DRIVING

Sequel To Island Road Fatality

The case in which Lo Leung, a lorry driver, was charged with dangerous driving and with carrying ten passengers in excess of the proper number concluded at Central Magistrate yesterday, when Mr. Schofield registered convictions on both counts. The police asked for a prison sentence and this was granted.

It will be recalled that the case arose out of an accident to a lorry on Island Road on Aug. 24, near Repulse Bay in which a Chinese was killed. The driver was originally charged with manslaughter, but at the suggestion of Inspector Saunders, who prosecuted, this charge was withdrawn and the two mentioned were substituted.

Mr. Hin Shing Lo, instructed by Mr. J. M. Hall appeared for the defendant.

Too Fast

Yuen Hi, one of the passengers, said that on the day of the accident, the lorry was carrying about fourteen passengers and several baskets of fresh fish. While going down the steep road to Repulse Bay, the lorry travelled faster than its usual speed, and witness shouted to the driver (the defendant) "not to drive so fast," to which the defendant replied, "not fast."

Shortly after he said this, the lorry suddenly overturned, and witness was knocked unconscious.

Chung Tai Yuen, another passenger on the lorry, gave evidence corroborating this. He said that the defendant was going down at a very fast pace. In answer to his lordship witness said they were going so fast that he could not see what happened.

Mr. Lo: Were you all awake in the lorry?—Yes.

You said that when the lorry was descending the hill it appeared to be going faster. Do you mean that it was faster than going uphill?—Yes.

Police Evidence

Sergeant Baker said that when he arrived at the scene of the accident he saw that the lorry had overturned at a bend about half a mile from Repulse Bay. Three people had been taken to hospital by the time he got there and he found six other injured ones sitting by the roadside. When the second ambulance arrived these people were also sent to hospital.

Witness tried to take the lorry back to Shaukiwan but when he got to Repulse Bay he found that there was absolutely no water in the radiator. A police lorry then took it to tow.

In answer to Sub-Inspector Saunders witness said that when he got to the steep hill at Shaukiwan he free-wheeled the vehicle down. The lorry was then only controlled by its brakes and witness found these to be very good.

Inspector Saunders: You know how the lorry was loaded at the time of the accident? Do you think it would have been safe for it to be driven round the corner where the accident took place at 15 miles per hour?—Yes.

At 20?—Yes, that too.

Cross-examining Mr. Lo asked witness: Do you go so far as to say that if the lorry had been going at 15 m.p.h. or less there would have been no accident?—No.

Sub-Inspector Saunders then gave evidence himself. He said that he got to the scene of the accident at about 7.15. After corroborating Sergt. Baker's evidence as to the place where the accident occurred and the removal of the injured to hospital, he went on to say: I found the lorry lying on its right side obliquely across the hill-side half of the road. The rear of the lorry was at the centre of the road, and the front within three feet of the hill-side of the road.

The driver's cab and the covering to the lorry had been knocked completely off. I saw a long mark in the road 45 feet long and about 24 inches wide. It was at the bend in the road and was within six feet and in some places five feet of the hill side. The mark was a distinct pattern of the right edge of the right rear tyre of the lorry. There were also two deep cuts on the road which had been made by the iron hinges on the right side of the lorry body. I examined the lorry at Central Police Station. It had twin rear wheels. The treads of all four rear tyres were good, but those at the front were smooth. I tested the brakes by allowing the lorry to drift down the slope of Central compound. They were good and stopped the lorry easily. The foot-brake acts on all four wheels and the hand brakes on the rear wheels only.

Lorry Driver sent to prison—(2) The lorry was last examined and passed fit by me on Aug. 18. This concluded the evidence for the prosecution.

Counsel's Address

Mr. Lo then addressed the Magistrate: As regards the charge of dangerous driving Your Worship is justified in drawing inference from the facts. But I submit that there is no evidence whatsoever that there was negligent or dangerous driving. From the evidence of two or three of these so-called passengers it appears that when the car was descending the hill it was going at a faster speed than usual. There are other causes which the prosecution does not even allege, such as the lorry being over-loaded. From the police point of view there is no complaint that, because the lorry was over-loaded it enhanced the risk. There was no suggestion that the driver was incompetent. He passed his examination in the same way that the police passed his lorry. So the mere fact that there was a man killed by the accident, the cause of which remains a mystery, is not evidence from which Your Worship is compelled to infer that defendant must have been guilty of negligent driving. I submit there is no evidence of negligence. Our reasoning of the case placed before us is seriously affected by the moral consideration of the death of a man, but this is not evidence from which you can punish the driver.

Sergeant Baker, that very fair-minded police officer, has told your Worship that even if the car had travelled at 30 m.p.h. it might not have overturned. So I think the charge of negligent driving cannot prevail. If there were an inquest and if the jury were properly directed by Your Worship, they would return a verdict of Death by misadventure, that is the driver would be exonerated to the extent that he was not guilty of dangerous driving.

As for the charge of overloading I submit that my client is also not guilty. I myself know for a fact that sometimes on these Island Roads creep into lorries somehow, and, if necessary, my client will give evidence that he did not know there were so many people on the vehicle till after the accident, but I submit that he has nothing to explain.

Defendant in Box

His Worship disagreed with Mr. Lo's submission and the defendant was put in the box. He said that he had been driving since February last, but had never driven the lorry in question before. He described the incidents leading up to the accident and then said that when he got to the bend where the accident occurred he was going at 11 miles per hour. He saw an old woman walking in the road on the left side. He swerved slightly to the right to avoid her and the lorry suddenly turned over on its side.

In answer to His Worship he said that he had counted eleven passengers after the accident. When he left Stanley there were only three or four and the rest must have jumped in.

It was pointed out in his favour that he was at the scene when the police arrived, although he could have run away.

Mr. Lo then said: There is no evidence that the lorry was going at over 20 m.p.h. There is no doubt that there was swerving—the previous evidence proves it. There is no evidence there was dangerous driving, although the extraneous circumstances of the case may force us to this conclusion.

His Worship: I fail to understand how such a mark as that of 45 feet could have been made by any vehicle travelling at 11 m.p.h., even with that swerve.

Prison Sentence asked for

Inspector Saunders showed two previous convictions against defendant for minor offences and then said: If Your Worship decides to convict I ask for a prison sentence. These drivers do not seem to realise that besides endangering their own lives they are also a menace to the people who may be coming in the opposite direction.

His Worship: I shall convict on both charges. Six weeks hard labour for the first and 10 days for the second.

NEW CROSS-CHANNEL RECORD

London, Sept. 5. For the second time this year all records for cross channel air traffic have been broken.

During August 12,035 passengers passed through the Croydon Airport, an increase of nearly 1,000 over the number for July, when a previous record was established.—British Wireless

THE NEW CHIEF JUSTICE

Mr. A. D. A. Macgregor Of Kenya

The Colonial Secretary informs us that a telegram from the Secretary of State for the Colonies intimating that His Majesty has been pleased to approve the appointment of Mr. Alasdair Duncan Arthor Macgregor, Attorney General, Kenya, to be Chief Justice of Hong Kong in succession to Sir Joseph Horsford Kemp, Kt., C.B.E.

The "Colonial Office List" gives the following particulars of the career of the new Chief Justice:—Born in 1883, Mr. Macgregor educated at George Watson's College. He is a Bachelor of Arts of Oxford University and a Master of Arts of Edinburgh University. He is a Barrister-at-Law of Lincoln's Inn (1909).

In March, 1912, he was appointed District Commissioner of South Nigeria and in the following year he became assistant secretary at the Colonial Secretary's Office, South Nigeria. In April, 1914, he was appointed Station Magistrate and on January 1, 1917, he was appointed police magistrate.

He became Crown Counselor of South Nigeria in March, 1921, and two years later, in September, 1923, he was raised to the post of Solicitor General.

On July 21 he was appointed Attorney General of Trinidad, and in 1929 he was made Attorney-General of Kenya, a position which he has since held.

ARMY HARBOUR RACE

Campbell Breaks Record

BORDERERS IN FIRST THREE

The Annual "Army Harbour Swim" took place yesterday morning and was won by Private W. T. Campbell of the South Wales Borderers.

Campbell was in fine form and finished in the excellent time of 23 mins. 27 secs., breaking his own record of last year by 1 min. 58 secs. His new record is 70 secs. above the Colony record, put up in 1906 by J. Finch, Privates Fuller and Wallace, second and third, respectively, also broke the previous record.

The course was from the Railway Pier, Kowloon, to the R.A.S.C. chamber, and going being rather heavy quite a few of the swimmers could not finish the course. The first ten to finish were:—

Pte. Campbell (S.W.B.) 23.27.0.
Pte. Fullager (S.W.B.) 24.5.2.
Pte. Wallace (S.W.B.) 24.27.2.
L/Cpl. Sutherland (S.W.B.)
Pte. Smith (S.W.B.)
Gnr. Beazley (R.A.)
Pte. Lockett (Lincolns.)
Gnr. Mooney (R.A.)
Pte. Jackson (Lincolns.)
L/Cpl. Chicker (Lincolns.)
H.E. Major-General O. C. Borrett, O.C. and Mrs. Borrett followed the race in a launch and among the big crowd present was Brig. R. B. Cousins, D.S.O.

VICTIMISING THE STRANGERS

A "WATERFRONT CROOK" SENTENCED

A Chinese who specialised on victimising country people as they arrived in the Colony from the river boats was arrested by a district watchman and brought before Mr. Wynne-Jones yesterday. He was sentenced to two months imprisonment. The defendant managed to obtain 60 cents from a Hakka newspaper editor.

Complainant and his sister, arrived from Swatow by the s.s. Svalde which berthed at the Douglas Wharf. They hired a coolie to carry the baggage from the wharf. Defendant approached them and pled for hire as coolie. He said that it was the custom for all people leaving the wharf to give the Revenue officers 60 cents. The editor refused and walked on. After they had gone a short distance, the defendant again accosted them, and the lady, in order to avoid trouble gave the money to the defendant. The latter complained that one of the coins was bad and the editor changed it. A district watchman on the look-out for pickpockets arrested the defendant.

Messrs. Butterfield and Swire informs us that the s.s. "Diomed" will arrive from Singapore on the 10th inst. and the "Tyndareus" from Shanghai on the 8th inst.

SITUATION IN SINKIANG

Growth Of Russian Influence

The following extracts taken from "China's Millions" are from letters written early in June, and dispatched to Shanghai by Eurasia aeroplanes, which had reached Tihwa (the capital of Sinkiang) from Berlin.

The young men have helped very much, nursing day and night. The Postal Commissioner and his wife have also been exceedingly kind to us, and also the two Governors and the officials, and the Chinese and Russian Christians. (The officials gave a plot of ground near the wireless station for the graves.) The Russian Baptist sang beautifully at the burial service.

During the past few years a large number of Russians have been coming over the border into Sinkiang and settling in Tabcheng and Kulia or Ili. Most of them have come in because of persecution in their own country. From among these people the late Governor recruited 2,000 for the defence of the province. The Russians are the only people that the rebels are afraid of.

With all this fighting there have been many wounded, and as Dr. Mr. is the only Chinese doctor in the place, he asked us if we would assist him. We only had to see the men to realize the tremendous need. Many needed urgent attention, and such attention as only Dr. Fischer was able to give, but he would not undertake the job unless we assisted him and did the dressings. The patients were housed in the large rooms, and lying on the floor amidst dirt and filth. The wounds were horrifying to behold to our inexperienced eyes, and as some had not been attended to for days, you can realize a little their condition.

During the last couple of months we have had several thousand troops arriving here from Manchuria, soldiers who had fled before the Japanese and gone into Soviet territory. They came round by the Siberian Railway, and entered Sinkiang from the north.

On April 12 a change of government took place. For some time the Russians had been very displeased with the way the late Governor was acting. The Moslems had said that they would stop fighting if the head of the Governor was given to them. So to end the trouble the Russians attacked the Yamen (Governor's residence) and captured the Governor. They then took charge of the place. The Governor later escaped, gathered men together, and attacked the Russians, but he was defeated. The attack made by the Governor's men was made early in the morning, and we did not know what was happening. The firing seemed to be coming from all parts of the city. When daylight came the Russians took the offensive and the Governor's men were gradually driven back. At 4 o'clock the Governor left and made off towards Tabcheng, causing trouble along the way. The Russians now have control of things, the Chinese from Manchuria have been put in charge of the city, while one of the local men has the position of Governor. The change has certainly brought peace to this city, and will, we hope eventually bring peace to the whole province.

That was our hope a month ago; now I am afraid our hopes are dashed to the ground because of fresh trouble. Ma Chong Ing's brother (the Moslem leader in Kansu) has come up from Kansu; one of the military leaders has rebelled; the Moslems in Altai are procuring arms from the Russians and rebelling, also trouble is threatened again from the people in the south. The Government here certainly has many difficulties to face.

VERMONT GOES WET

New York, Sept. 6.

It is reported from Montpelier that Vermont, for a long time a staunch stronghold of prohibition, has gone "wet" by two votes to one.

This is the twenty-fifth State to vote "wet." None has voted "dry."—Reuter.

AMERICAN ACTION

Washington, Sept. 5.

President Roosevelt has returned from his week-end holiday and immediately discussed the Cuban situation with the State Department.

Two United States destroyers, the Sturtevant and the McFarland, have reached Cuba and it is believed that President Roosevelt has prepared to send other warships if it becomes necessary. In addition to the four already despatched.—Reuter.

JUNIOR T.T. RESULT

Amateur's Fine Time

London, Sept. 5. THE Junior Motor Cycle Tourist Trophy Race open to amateurs was run to-day over the famous difficult mountain course in the Isle of Man which is 228 miles in length.

The race was won by A. Munks on a Velocette machine at 74.14 miles per hour, F. Frith on a Norton being second at an average speed of 72.13 miles per hour, and Mr. Pirie on a Norton was third at 72.03 miles per hour.

Pirie bumped along at a terrific speed for some miles with a flat tyre.

The competitors number 48 and included undergraduates, professional men, tradesmen, mechanics and one man whose daily occupation is to drive steam roller at three miles per hour.—British Wireless.

CLAIM BY DAVID SASSOONS

Sharp Passages Between Counsel

The hearing was continued yesterday before the Acting Chief Justice (Mr. J. R. Wood) of the claim by David Sassoon and Co. Ltd., against the Yan On Firm for \$1,910.78.

Mr. H. G. Sheldon was for plaintiff and Mr. Duncan McNeill for defendant.

Plaintiff's claim was for non-acceptance and non-payment of goods ordered on contract by defendants in 1931, and eventually sold by plaintiffs by public auction in January this year. The amount claimed was the difference between the auction price and contract price plus interest and commission.

Wong Hok Chi, plaintiff's comrade, denied under cross-examination by Mr. McNeill that he had not "put the right amounts in their proper places." He also denied that there had been misappropriation.

After being re-examined by Mr. Sheldon on the accounts His Lordship intimated that he was satisfied with the evidence on that point.

Mr. McNeill submitted that the amounts set down as the proceeds from Lammer's auction were actually the proceeds of four of the contracts. Mr. McNeill added that his client had been criticised for adopting every possible defence, but he wished to point out that his client felt very strongly on the matter of the writ of attachment which was obtained against him in January without his having an opportunity to show cause against it. The presence of the bailiffs in his house did his credit great harm. Counsel admitted, however, that there was no impropriety in the action taken.

Later in his argument Mr. McNeill alleged that certain papers were withheld by Mr. Wong. Mr. Sheldon said that this should have been put to the witness to answer.

His Lordship agreed that such a question might have been put.

Mr. McNeill: If I get many more interruptions, I shall get very tired of it and shall cease to conduct the defence.

RAILWAY BUILDING IN JEHOI

JAPANESE ENGINEERS BUSY

Peiping, Sept. 6.

The Japanese are planning to improve communications in Jehoi as a first step towards tapping the natural resources of the province. A railroad between Peiping and Chengteh—an extension of the existing railway to Chinchow—is under construction. Work on this new line is expected to be completed as far as Pingchuen next month, while the section from Pingchuen to Chengteh may be finished at the end of this year.—Central News Agency.

RIVER FALING

Tsinan, Sept. 6.

It is anticipated that the flood waters in West Shantung, which have been gradually receding, will completely disappear in two months.

The river level at Lokow is steadily dropping.—Reuter.

MOSCOW AIR DISASTER

Moscow, Sept. 5.

Five prominent Soviet officials connected with aviation, together with the wife of one of them, and a pilot and a mechanic, were killed to-day in an aeroplane crash near Moscow.—Reuter.

To meet the prevailing demand for shoes at lower prices brought into being our "W" Shoe Agency. There is no reliable brand of Shoes which can be bought to retail at lower prices than our "W" Shoe.

It is not the policy of the makers of "W" Shoes to compete with firms who produce low-priced shoes regardless of quality. Nor is it to our advantage with a reputation to lose to sell them.

Price \$19.50

Less 10% Discount for Cash—\$17.55.

wearers expect and get a "little better" shoe for the little extra price paid.

The latest refinements of manufacture, the most perceptive forecast of fashion, are shown in these Shoes that are continually winning new laurels.

HONG KONG, SEPTEMBER 7, 1933.

HONG KONG HOLDS ITS OWN

The Trade Depression came from America, and has enjoyed magnificent publicity. Never for a moment have its admirers, its detractors, and its myriad of interested parties, ceased to proclaim how big it is, how powerful, how universal (no doubt repercussions are felt from Mars to the outer circles of the Milky Way), how domineering, how like, in fact, to its country of origin. Only a few places refused to bend the knee. In Oxford, for instance, it is called by some "the Post War Reconstruction," and by others "the Second Industrial Revolution." In Hong Kong most people say, cautiously, and with a finger on the leg of their chair, "so far we've been lucky."

Perhaps the rumour of our relatively good position impelled a Ceylon correspondent to write and inquire if much building was going on here, and if so, could he have a detailed account of this situation. Little did he realize, however, what he was asking for, as the compiling of such an account would be no easy task. There is so much building work in progress that even the most pessimistic businessman is beginning to think that the trade depression may be lifting, that better times are ahead, and if a business boom is too much to expect we may return to what is called "normalcy" on the other side of the Ocean.

Building is apt to do well when there is no other outlet for money but unless conditions have begun to improve, investors would not find the money necessary for this development, preferring to leave their capital in the banks. Of late several office buildings, on a large and up-to-date scale have been completed. One need only quote the new National and Commercial Savings Bank, the China Emporium, and the Old Kwan

Building. In the near future we shall have the Hong Kong and Shanghai Bank's new home and also the Stock Exchange Building. Are these the signs of a trade depression? More power, therefore, to those who are boldly giving Hong Kong a solid outside appearance despite the wailing chorus from Wall Street to Detroit and on to the Texas deserts. This cry of woe and state of panic is one of the chief contributors to the sad condition of affairs that is real enough the world over.

Hong Kong had its first taste of what a depression meant in 1925, but the great blow suffered by the business community that year hardened all and sundry and induced a state of cautious suspicion so that what business has been done since then has been either on a cash basis or on credit given under very rigid terms. This lack of confidence spread rapidly at the time and had a bad effect on business with outport firms, so much so that the latter began to hesitate over taking any risks with orders from Hong Kong firms. In the case of the bigger hong, things were different but it was the smaller ones that were wiped out of business. This had a very serious effect on trade in general for the people most damaged were those who had staked their all in an effort to forge ahead. Had they been successful—and the chances are that they would have been so but for the 1925 Strike—it would have pushed trade tremendously. But circumstances decreed otherwise, and as these firms were directly or indirectly connected with one another, they nearly all failed. Moreover in fading out, some of these firms hit the old established houses badly, and trade in Hong Kong had such a hard blow that up till to-day it has not yet gone back to normal. If nothing else, however, 1925 was a full dress rehearsal for the Great Depression.

In the meantime, what have the Government and leaders in the business world been doing? In order to meet sterling commitments, and to keep a substantial balance in hand the government has had to devise all possible ways and means to increase the revenue, while the latter have been fighting an uphill battle all the time. They were not very successful at the start but now at last, things appear to be a little brighter and from all indications better times are promised. To take the building trade alone, during the first five months of

ANNOUNCEMENTS

ENGAGEMENT.
BOYD-ANDERSON.—The engagement is announced between Mrs. Violet Constance Anderson (nee Searle) and Leslie Courts Boyd.

DEATHS.
JOACHIM PAETZ, born 8th October 1913, at Tientsin, only son of Mr. and Mrs. Paetz, Shanghai, died July 27, 1933, in Berlin. (Tientsin, Tientsin, Canton papers please copy.)

BAKER-ASHFORD.—On Friday, September 1, 1933, at the Country Hospital, Shanghai, Gilbert Reginald Garland Baker-Ashford, aged 37 years. The funeral, cremation (private), will take place to-day in Bubbling Well Chapel. No flowers by special request.

OBITUARY

Mr. J. G. Campbell

A GREAT LOSS TO SINGAPORE

Singapore, Sept. 1.
Cable news from London announced the death of Mr. John G. Campbell, one of a prominent band of public men in Singapore and a leading member of the local Bar. The death of this well-known and much liked member of the European community will come as a rude shock to all who knew him. Mr. Campbell was in comparatively normal health until he fell ill in July from a severe internal complaint and entered the General Hospital. Pleurisy developed but he then decided to go home in order to consult a specialist. He left Singapore on August 4 on the P. and O. Rumpura and evidently underwent an operation in London four days after arrival there.

Mr. Campbell had hoped to return to Singapore in six months and his death comes as a shock to everybody who knew him and to many others who have observed with admiration the active interest he had displayed for many years past in the public affairs of the Colony. For about twenty years he was closely associated with this work of the Straits Settlements (Singapore) Association and was vice-president of that body three times, in 1923, 1925 and 1926. He was elected President in 1926, 1927, 1932 and 1933, and held this office at the time of his death. On receipt of the sad news yesterday the Association sent the following telegram of sympathy to Mrs. Campbell: "Vice-President, committee and members of the S.S.S.A. offer condolences and sympathy."

Mrs. H. M. McCandliss

FORMERLY A HAINAN MISSIONARY

Kachek, Hainan, Aug. 28.
Recently word was received from the U.S.A. by cable of the death of Mrs. Henry M. McCandliss on July 31st. Mrs. McCandliss was born in Canton, as Olivia Kerr, the daughter of Dr. and Mrs. J. G. Kerr, the pioneer missionaries there. She was educated in Canton and in the United States. In 1886 she met Dr. Henry M. McCandliss at her father's home, when the young doctor was taking a few months' training under Dr. Kerr before coming to Hainan to begin pioneer medical work on the island.

In 1888 the young people were married and Mrs. McCandliss came to her new home. She and Dr. McCandliss laboured faithfully for many years, and were greatly beloved by the Chinese.

Dr. McCandliss stayed on the field even after he was eligible for honourable retirement until he suffered a stroke and retired from active service in 1923. He and Mrs. McCandliss lived in Los Angeles, Calif., until his death in 1931. After that time Mrs. McCandliss made her home with her daughter, Mrs. X. Herbert Judson, formerly of Lienchow, in Santa Monica until her death.

The Hainan Mission has lost a veteran worker, and the sympathy of the mission and of many other friends is extended to the children. Dr. W. K. McCandliss of the State Hospital, Trenton, N.J.; Dr. H. J. McCandliss of the American Presbyterian Mission, Hwaiyuan, Anhwei; Mrs. Judson, and Dr. Charles McCandliss of Los Angeles.

Mr. Max Gavin, popular resident at Shameen, who, owing to the long connection with the neighbouring port of Canton, is also very well-known in Hongkong, arrived back at Canton yesterday, with Mrs. Gavin, and was warmly welcomed by all his friends but particularly by his fellow Rotarians. Mr. Gavin has been on holiday in Switzerland.

this year, more than 8,000 specifications have been submitted to the P.W.D. for approval and no sooner are the new buildings completed than they are occupied. It seems needless to add that both offices and residential accommodation are growing like mushrooms. Whatever the Great Depression may be, and may have the power to do, there is nothing more consoling than to take a walk round Hong Kong and look at the new buildings.

PETER YEUNG

Bank Cashier And Missing Funds

(From Our Special Correspondent)

Canton, Sept. 6.
Officials of the Kwangtung Provincial Bank to-day made a search of the real and personal property of the late Mr. Yeung Sai Ngam (Yang Si Yen), who pledged his possessions as security for his son, Peter Yeung, the former cashier of the Hong Kong branch of that Bank.

On August 21, Peter Yeung suddenly left Hong Kong, and in the next morning an examination of the strong room revealed that \$208,391 were missing. As Peter Yeung was the cashier of the Bank and had access to the vaults, he is alleged to have embezzled the amount. He had been connected with the Bank for more than three years and has served as cashier in the Shao Kwan branch as well as in the head office here.

Thirty years old, Peter Yeung first joined the Kwangtung Provincial Bank at the recommendation of his famous father, a wealthy and influential merchant. He offered his property as security for his son's good behaviour, and several other well-known merchants and officials are also guarantors of Yeung.

Officials of the Bank will first get hold of the late Yeung Sai Ngam's property as reimbursement of the loss and will also look to the other guarantors to indemnify the Bank for the amount embezzled. It is known that the elder Yeung's estate in Canton consists of several modern style houses and other holdings as well as property in Hong Kong.

Friends of Peter Yeung stated that he had indulged in gambling and speculation of shares and exchange. Simultaneous with the disappearance of Peter Yeung, a well-known former sing-song girl was reported missing.

CROSS-COUNTRY FLIGHT

Sun Tung Kang Arrives In Shai

Shanghai, Sept. 6.
Sun Tung-kang, the Chinese pilot, arrived from Nanking at noon to-day on his cross-country flight.

He was met by a large and enthusiastic crowd; also by representatives of the Municipal Government of Greater Shanghai, of Garrison Headquarters and of the Chamber of Commerce and other prominent personages. He is remaining in Shanghai for a day or two, and is then proceeding to Hangchow.—Reuter.

CANTON CHAMBER OF COMMERCE

Canton, Sept. 6.
ALL the guilds in the counties must join the local Chamber of Commerce, and this is to unify any movement by the merchants in up-province, according to a ruling of the Kwangtung provincial Kuomintang.

Many guilds refuse to join the chamber of commerce, preferring to be "masters of their own destiny," but without enough members the Chamber of Commerce will not have sufficient means of sustenance. The decision of the provincial Kuomintang is to effect unified action among the guilds and merchants.—Central Press.

LOCAL AND GENERAL

To-day is the Parsee New Year, 1903.

Capt. and Mrs. T. M. Malone were among the passengers leaving by the s.s. Asama Maru yesterday. Capt. Malone, I.M.S., M.A., has been a popular officer attached to The Indian Military Hospital at Kowloon.

The engagement is announced of Harold Noel Davies, of the British Cigarette Co., Shanghai, second son of Mr. and Mrs. T. Davies of Liverpool, and Mary Beatrice, only daughter of Mr. and Mrs. H. J. Benjafield of Singapore.

"We are requested by the Honorary Secretary of the Peak Club to remind Members that the Entry List for the Contract Bridge Tournament to be held on Saturday, the 8th of September, will close at 6 p.m. on Friday evening next."

Prosecuting a hawk, before Mr. Wynne-Jones yesterday, on a charge of obstruction in Queen's Road Central, Sergeant Cleathero said he was originally going to charge him with having no licence. It was found at the Hawkers' Office that

BUSINESS TAX IN CANTON

Foreign Firms Must Pay

(From Our Special Correspondent)

Canton, Sept. 6.
PAYMENT of business tax is applicable to all merchants in Kwangtung regardless of nationality and foreigners are not exempted from this levy, asserted Mr. Hsieh Yung Nien (Tse Wing Nin), director of the revenues section of the Provincial Department of Finance.

He asserted that the regulations of the tax as proclaimed by Nanking expressly stipulated that foreign merchants have to pay this tax, if they are doing business in China. Foreigners and Chinese engaged in commercial pursuits in this country, Mr. Hsieh insisted, should be subject to the same privileges and obligations.

This official did not state what would be the basis of payment by foreign firms. Chinese shops and companies pay the business tax by one or two per cent. of their registered capital on a yearly proposition, but difficulty naturally rises in the case of foreign firms whose capitals are not registered with the Provincial Department of Finance.

The question of paying business tax was to have been adjusted by Sir Miles Lampson, British Minister to China, who would have taken up the matter with Nanking on behalf of the Powers, but no negotiations have yet taken place. It was learned to-day that as far as Canton is concerned this collection has been indefinitely put off.

HARD FIGHTING NEAR FOOCHOW

Reds Hold Strong Position

Foochow, Sept. 5.
Normal condition is being gradually restored in Foochow, but the Nineteenth Route Army has to surmount another obstacle before the "Red" menace in North-west Fukien can be definitely beaten off. The main "Red" forces are holding a strategic point at Yu-chi, to the South of Yenping which is an important military point in central Fukien. On Monday, a brisk battle was fought at Shukow. The Government troops are advancing, beyond Yung An and a combined attack on the "Reds" position at Yu-chi is imminent.—Central News Agency.

FOOD CONTROL IN CHINA

Nanchang, Sept. 6.
The Nanking leaders are in earnest to act on the recommendations of the Military of Interior for national control of food supplies. A conference on food control is scheduled to be held at Nanking next month. Marshal Chiang Kai-shek is urging provincial and municipal governments of Honan, Hupai, Hunan, Kiangsu, Chekiang, Anhui, Kiangsi and Kwangtung to send delegates to Nanking at a date not later than October twentieth.—Central News Agency.

HUANG MO SUNG

Nanking, Sept. 6.
Huang Mo-sung to-day assumed office as acting President of the Military Academy during the absence of Yang Chieh, who has been ordered to Europe for an investigation tour.—Reuter.

NEWS SUMMARY

Mr. A. D. A. Macgregor, Attorney-General of Kenya, has been appointed Chief Justice of Hong Kong.

The Colony had an unusually clean bill of health as regards notifiable diseases last week. Only four cases of enteric (2 fatal) were recorded. Deaths from consumption numbered 49.

There were sharp disagreements between counsel during the hearing of the claim by David Sassoon's Ltd., against the Yan On Firm, before the Acting Chief Justice.

The marriage was celebrated on Tuesday between Mr. G. P. Murphy of the P.W.D. and Miss Violet Hard.

Charged with keeping an unregistered mul-tai a Chinese woman was fined \$50 by Mr. Butters. The girl, who is very happy with her mistress, had been taken into the latter's house in settlement of a debt.

An interesting account of marriages in Manila—despite the depression appears on page 6.

Hong Kong Stock Exchange official report appears on page 13.

The case in which the Chinese lorry driver named Lo Leung was charged with dangerous driving and over-loading his lorry was concluded yesterday, when the man was sent to prison for 52 days on the two charges.

A building crash in Canton, on Tuesday, carried one fatality and a number of people had a narrow escape.

Lucy Glitters did a fast half mile at yesterday's training gallops, full particulars of which appear on page 12.

Hyde Lay easily defeated Luz in the Bowls Open Championship at Craigengower yesterday.

Page 11.

ANTI-JAPANESE AGITATION

Fears For A Revival

Tientsin, Sept. 6.
With the return of Mr. T. V. Soong, Minister of Finance, to China, there is considerable anxiety in Japanese military and diplomatic circles that anti-Japanese agitation will revive to disturb the present Sino-Japanese tranquility and co-operation in the Peiping-Tientsin area.

It is stated that if the Chinese authorities depart from their present policy of co-operation with Japan, the Kwangtung Japanese command will be ready to send troops again into China Proper.—Central Press.

GOOD WORK BY VOLUNTEERS

Machine Guns And Rifles Captured

Canton, Sept. 6.
Volunteers in the North-east are heartened by the assumption of the post of commander-in-chief by General Wang Teh Lin. According to a report received here to-day by the local office of General Wang from the North, the volunteers have cut the Kirin-Tuanfa Railway.

In their encounter with the "Manchukuo" troops, the volunteers killed over a hundred Puppet troops and captured ten machine-guns and over a hundred rifles.

The report that the volunteers will launch a general offensive against the Japanese-Manchukuo troops as soon as General Wang reaches Kirin.—Central Press.

MORE OPPOSITION

Against Fifth National Congress

Canton, Sept. 6.
Opposition against the Kuomintang Fifth National Congress to be held in Nanking is voiced in circular telegrams issued by the Yen Ping County Kuomintang, East Hainan County Kuomintang, Ko Yew County Kuomintang, Fa Yuen County Kuomintang, and the Pao An County Kuomintang.

All these county Kuomintang offices are following the lead of the South-west leaders in opposing the Nanking Congress on the ground that it will not further national interest but to strengthen the power of the Chiang Kai Shek government.—Central Press.

SIX MONTHS OF TRIAL AND TOIL

BUT PRESIDENT ROOSEVELT IS HAPPY

AND SATISFIED WITH THE PROGRESS MADE

Washington, September 6. Labour Day, besides marking the end of the first half-year of the Roosevelt Administration, heralded a second and more critical test phase in the new deal.

It is generally conceded that the period has seen the re-establishment of America's morale and even if the full results expected from the present machinery is not achieved, there is no likelihood of it being abandoned when Congress re-assembles in January.

The President's popularity is greater than ever and he is most satisfied with the achievements, and hitherto he has been able to claim a fixation of codes in virtually every industry save coal; control of cotton and wheat production; rehabilitation of banking confidence and easing of the Farm Mortgage crisis, while since March 4, wholesale commodity prices have advanced fifteen per cent, and Farm prices over thirty-four per cent.

The latest development include the creation of a Technical Board to aid the Federal Oil Administration in their decision of farm administration, to assist tobacco growers by levying a four cent per pound processing tax to compensate the decrease in production. The decision of five cotton states to reduce cotton crop during the next two years, both as regards acreage and the number of bales ginner.

Although the ordinary Budget is virtually balanced extraordinary well, the Budget is largely deficitary, and President Roosevelt's appeal to the American Bankers' Association to grant credits to enable industry to pay the increased costs under the new codes caused much consternation when the President of the Association declared that the Administration's attempt to establish a *debit* for the failure by blaming the banks could only end in exposure and discredit.—*Reuter*.

In Washington it is felt that the United States are facing the test on the whole with its Latin-American "hands-off" policy.

President Roosevelt is watching developments with much concern, and the Navy Department has moved the Atlantic units with the order, if necessary, to land 2,700 men in Cuba, within forty-eight hours.—*Reuter*.

HEAVY DEMAND FOR SPACE

At British Industries Fair

London, Sept. 5. ALTHOUGH the next British Industries Fair does not take place until the middle of next February, applications have been received by the Department for Overseas Trade for more than 60 per cent. of the space occupied by exhibitors at Olympia and White City at the last fair.

In the heavy industries section at Birmingham, advance bookings of space by exhibitors are so far ahead of those of last year, and indeed of any previous year, that 55,000 square feet of indoor area are being added immediately to meet the pressing demands.

Special activity is reported in gas, electricity, building and engineering groups.—*British Wireless*.

WATERLOO BRIDGE

Gets A Severe Shaking

London, Sept. 5. WATERLOO Bridge, which for a long time past has been in "splints", while the authorities have fiercely debated as to whether to replace or strengthen it, was shaken to-day by a barge loaded with bricks which swung downstream and crashed into one of the central piers.

Fearing the worst, the authorities stopped traffic over the bridge for eight hours, but it was at length ascertained that the foundations were not affected, and traffic was then permitted to resume with the restrictions of a maximum speed of 3 miles an hour.—*Reuter*.

AUSTRO-GERMAN TENSION

More Planes For The Frontier

Vienna, Sept. 5. SEVEN aeroplanes have left Vienna for Innsbruck to reinforce the troops guarding the Austro-German frontier.

The machines are privately owned as the peace treaties prohibit Austria from employing military aeroplanes. They are, however, manned by police pilots.—*Reuter*.

DISARMAMENT PARLEY

Capt. Eden To Go To Paris

London, Sept. 5. THE Parliamentary Under-Secretary for Foreign Affairs, Capt. Anthony Eden will go to Paris later this month for a conversation with the French Government on various points which arose at the Disarmament Conference during the first reading of the British draft convention.

Mr. Norman Davis, the United States Delegate to the Conference will be in London to-morrow and will see Sir John Simon at the Foreign Office.—*British Wireless*.

A Long Session. London, Sept. 5. The Cabinet to-day sat for four hours beginning in the morning and resuming in the afternoon.

There was practically a full attendance.

It is understood that foreign affairs and disarmament were the principal subjects under examination. The Prime Minister, who presided, afterwards left for his visit to the King and Queen at Balmoral.—*British Wireless*.

MR. NORMAN DAVIS On Short Visit To England

London, Sept. 5. MR. Norman Davis, America's roving Ambassador, landed at Plymouth to-day.

It is learned that he will be staying in England for ten days prior to proceeding to Geneva via Paris.

In an interview with *Reuter*, Mr. Davis said there was no change in the attitude of the United States towards disarmament, except that they felt even more keenly the great importance of the success of the Disarmament Conference.—*Reuter*.

LORD GREY Gradually Losing Strength

London, Sept. 5. LORD Grey of Falloden has not regained consciousness throughout to-day and he is gradually losing strength.—*British Wireless*.

STOCKS IMPROVING

London, Sept. 6. The stock markets closed better in places. British funds improved with war loan 34 per cent. at 100; while Home Ralls finished strong; and Kafirs left off above the worst.—*British Wireless*.

A GOODWILL TOUR

By Sir Harry MacGowan

London, Sept. 6. Sir Harry MacGowan, President of the Imperial Chemicals, China, Ltd., left for Japan, on September 7 on board the Lloyd Trestino Conte Rosso on a general tour of the Far Eastern Imperial Chemical activities, and for investigation into the potentialities of the important China and Japan markets in which the Imperial Chemicals have important organisations which he hopes to strengthen.—*Reuter*.

TWENTY-THREE KILLED

In Train Collision

Binghampton, New York, Sept. 6. TWENTY-three people were killed and 100 injured when the "Chicago Flyer" express train crashed into a freight train here, yesterday.

Two coaches on the passenger train were telescoped, while other coaches were derailed, blocking the road for many hours.—*Reuter*.

New York, September 6. The famous New York-Chicago Flyer was brought to a standstill by signals when a heavy freight train crashed against it from the rear, telescoping the rear coaches.

Soldiers, policemen, firemen and medical men dashed to the scene and extricated those who were imprisoned in the wreck the aid of light flares and electric torches.

Several were dead and decapitated and an undamaged member amputated. Priests were summoned to administer the last rites to those most seriously injured.—*Reuter*.

Fourteen Dead. Binghampton, Sept. 6. The number of dead and injured in the Erie Express crash is now given as 14 and 20 respectively.—*Reuter*.

BARON COLLENBURG

To Be German Minister To Mexico

Shanghai, Sept. 6. THE "Shanghai Evening Post" learns that Baron Ruedt von Collenburg, the German Consul-General in Shanghai who is now in Germany on furlough, has been appointed Minister to Mexico City where he will proceed without returning here.

The "Evening Post" says that this news was received in Shanghai by private sources but before this the German Consulate had received no notification of it.

ULTIMATUM TO MR. FORD

The Recovery Campaign

Washington, Sept. 5. GROWING appreciation of the difficulties confronting the recovery campaign is felt throughout circles in closest touch with business conditions and it is the general opinion that a big expansion of credit is necessary to keep the prosperity push moving forward.

President Roosevelt is now embarking on a credit expansion policy and he is urging the banks to co-operate to the limit. A letter from President Roosevelt was read to-day at the convention of the Bankers' Association which is being held in Chicago, in the course of which the President made a specific appeal for the granting of credits for industrial purposes.

The Ford battle with General Hugh Johnson on the code issue witnessed another development to-day, according to a report from Detroit stating that it is understood that Mr. Henry Ford has increased the minimum daily wage of four dollars by eighty cents.—*Ford Given 24 Hours*.

Washington, Sept. 5. President Roosevelt to-day met the Recovery Council and discussed with them the domestic situation.

Mr. Ford, who is still standing out against the motor code is expected to be given at least another twenty-four hours in which to join the movement.—*Reuter*.

Special Guards. New York, Sept. 6. A cordon of special guards has

HURRICANE IN TEXAS

Thousands Rendered Homeless

New York, Sept. 5. REPORTS are pouring in detailing the vast toll of the hurricane which ravaged the Bahamas, Cuba and the coast of Texas.

The town of Brownsville was practically wrecked and thousands were rendered homeless. Hundreds of casualties occurred as a result of falling debris.

The town now stands in the centre of fifty square miles of floods.

Only three buildings are standing at Raymondville. Many were killed and injured at Harlingen, from where has come a request for troops to preserve order.

San Benito is also reported to have been wrecked.—*Reuter*.

Bahamas Report. London, Sept. 5. Reporting further on the effect of the hurricane of September 4, the Officer Administering the Government of the Bahamas says that the hurricane passed westwards through the North-West Channel about 35 miles north of Nassau, devastating the settlements at northern end of Eleuthera, which he visited by air.

Property at Harbour Island suffered considerable damage and people have sustained injuries at Bogue, "whither I have sent Doctor but I was relieved to find so little damage considering the violence of gale."—*British Wireless*.

New York, Sept. 5. The Cuban Army at Santa Clara reports that three hundred persons were killed in the vicinity of Cristo Bay during the hurricane.—*Reuter*.

Heavy Damages. New York, Sept. 6. Twelve people were killed and fifty injured in the Texas coast hurricane. The damage to property is estimated to amount to several million dollars.—*Reuter*.

SILVER MARKET (From Our Own Correspondent)

London, Sept. 6. Following are the Silver Quotations on the London market to-day:

Spot 181/16 183/16
Forward 181/16 183/16
Sept. 7 181/16 183/16
The London on New York cross rate to-day was: £1=4.554.

THE ST. LEGER

Final Acceptors Announced

THE final acceptors for the St. Leger are: Harriero; Light Sussex; Thor; Belfry; Young Lover; King Salmon; Don Asol; Solit; Tara; Typhonic; Highlander; Hyperion; Scarlet Tiger; Sanspaine; Felicitation; Fox Bridge; Earlston; Raymond; Manitoba and Interlace.—*Reuter*.

ABOLITION OF CONSULATES

Chilean Government's Decision

Santiago de Chile, Sept. 5. IT IS reported that the Chilean Government is shortly issuing instructions for the abolition of all Consulates in the Far East, with the exception of the headquarters at Shanghai and Yokohama.

It is presumed that the decision has been taken on the score of economy.—*Reuter*.

MR. CHARLES BENTINCK To Be Minister At Sofia

London, Sept. 5. THE King has graciously been pleased to approve the appointment of Mr. Charles Henry Bentinck, His Majesty's Envoy Extraordinary and Minister Plenipotentiary at Lima to be Envoy Extraordinary and Minister Plenipotentiary at Sofia.—*British Wireless*.

been thrown round the Ford Works at Edgewater, New Jersey, according to the "Daily News" in consequence of two attempts at bomb-throwing by radicals.—*Reuter*.

JAPANESE IN FOOCHOW

Presence Might Cause Complications

(From Our Special Correspondent)

Canton, Sept. 6. GENERAL Tsal Ting Kai, officer commanding the 19th Route Army in Fukien, has sent an urgent telegram to the military authorities here, requesting that the troops of the First Group Army be mobilised immediately for an offensive against Kwan Mun Ling, South Kiangsi, in order to check the Communists from making further advance into Fukien.

The western and northern parts of Fukien are over-run by the Communists who are bent on seeking a port as a means of contact by sea with Soviet Russia and are plundering the towns for foodstuff to feed the hungry Red troops. However, the 19th Route Army has denied that the Reds have ever taken Yen Ping in Central Fukien.

While Foochow, capital of Fukien, is not in any immediate danger, General Tsal Ting Kai is said to be anxious to drive back the Communists. To achieve this end, the best way is for the First Group (Kwangtung) Army to assail the Communists at the rear, that is at Kwan Mun Ling. The Reds will be forced to retire to their quarters in South Kiangsi upon the combined push of the Kwangtung troops and the 19th Route Army.

According to reports from Foochow, the presence of foreign warships especially Japanese cruisers in Foochow harbour is distasteful to General Tsal Ting Kai, who fears that the Japanese bluejackets will make a landing at that port under the pretext of protecting Japanese nationals and interests. Recalling his experience at Shanghai, General Tsal does not wish Japanese forces to march about in Foochow, as their presence is liable to cause international complications.

It was exclusively learned to-day that Lieut. General Mao Pei Nan, Chief of Staff of the First Group Army, and concurrently officer commanding the first model division, will shortly leave Canton for Chum Woo, South Kiangsi, to direct operations against the Communists in Kwan Mun Ling, a well fortified city.

MORE TROOPS FOR CHINA

Chiang Orders New Regiments

Nanking, Sept. 6. ACCORDING to reports emanating from the local military quarters, another 108 regiments are to be formed by the orders of General Chiang Kai Shek, chairman of the Military Affairs Commission.

Thirty-eight regiments have already been formed, and all the troops are supplied with new and powerful armaments. All officers from Lieutenants upward must be sent to the military and political training academy at Leyang for special Fascist training before they can command these crack troops.

General Chiang also orders the construction of military aerodromes in Kiangsu, Chekiang, Honan, Anhwei and Kiangsi. The total expenses will be about \$6,700,000; and this sum will be obtained from the proceeds of the second consignment of wheat and cotton from the United States.—*Central Press*.

BUILDING CRASH AT CANTON

One Man Killed

Faulty construction is said to be the cause of a large building situated at Din Hoi Road, Canton, Central, completely caving in, and causing the death of an elderly man, Ng Mon, early on Tuesday morning. Four other people were seriously injured. It would seem that the building, actually two houses, had recently been re-built, and the dead and injured men were employees of the firm of contractors responsible for the work of reconstruction.

It is considered practically a miracle that many more people were not involved in the crash, for it is believed that about twenty other employees were sleeping in the houses at the time. Probably the collapse of the first building awakened the sleepers who were thus able to escape before the second building fell. The injured were rescued by police and removed to the Hong Hui Hospital for treatment. Building inspectors and police are investigating the cause of the crash. Total loss sustained is said to be approximately twenty thousand dollars.

THE SERIOUS SITUATION IN CUBA

POSSIBILITY OF A CIVIL WAR

AMERICA TAKING EVERY PRECAUTION

New York, September 6. A spectre of civil war with the consequent result of intervention by the United States is hovering in Cuba, according to reports from Havana.

The American Colony is feeling apprehensive an arrangements are being made to concentrate them in a hotel which is within gun range of the United States warships lying in the harbour.

SHORT TERM OF OFFICE

President Cespides Resigns

Havana, Sept. 5. THE Cespides Government has been swept away in a wave of popular approval of the revolutionary uprising by the lower ranks of the Army and Navy.

The well-organised coup finds an N.C.O. in charge of the country's affairs, Sergeant Batista having been appointed commander-in-chief.

A revolutionary committee of nineteen which was formed, appointed a deputation of five members, who called upon Dr. Cespides y Ortiz at the Presidential Palace and demanded his resignation.

President Cespides accepted the position and resigned after three short weeks in office.

Police Murdered. Almost complete absence of bloodshed was the feature of the revolutionary, although Sergeant Batista ordered the arrest of all officers in the police, the army and the navy immediately the success of the coup was assured.

The only serious disorder is reported from Santiago de Cuba where the revolution appears to have been used for an excuse to wreak further vengeance upon prominent officials connected with the hated Machado secret police. Four members of the police were murdered by the mob, which looted the armoury.

Sergeant Batista's avowed objective is the establishment of a "truly revolutionary government."—*Reuter*.

The purpose of the revolt, according to the insurgent soldiers, is to eradicate all the bad elements from the Government, and they declare the real struggle is between youth and age.

Mr. Yin Tung, member of the Luentung Retrocession Commission, is suggesting to Mr. Shibayama, military attaché of the Japanese Legation, a scheme for Sino-Japanese co-operation to suppress bandits in Luentung. However, no decision is expected to be reached in this direction until the return of General Huang-Fu.—*Central News Agency*.

NEW IRISH PARTY

To Issue Manifesto Soon

Dublin, Sept. 6. General O'Duffy returned to Dublin to-day for a conference with officers of his own organisation and those of Mr. Cosgrave and the Centre Parties.

It is expected that the new Irish Party will issue a manifesto on Friday.

The announcement, that the local government elections of the Free State have been fixed for November 14 is taken as finally precluding the possibility of a general election before the new year.—*Reuter*.

BANDIT SUPPRESSION IN THE NORTH

SINO JAPANESE CO-OPERATION SUGGESTED

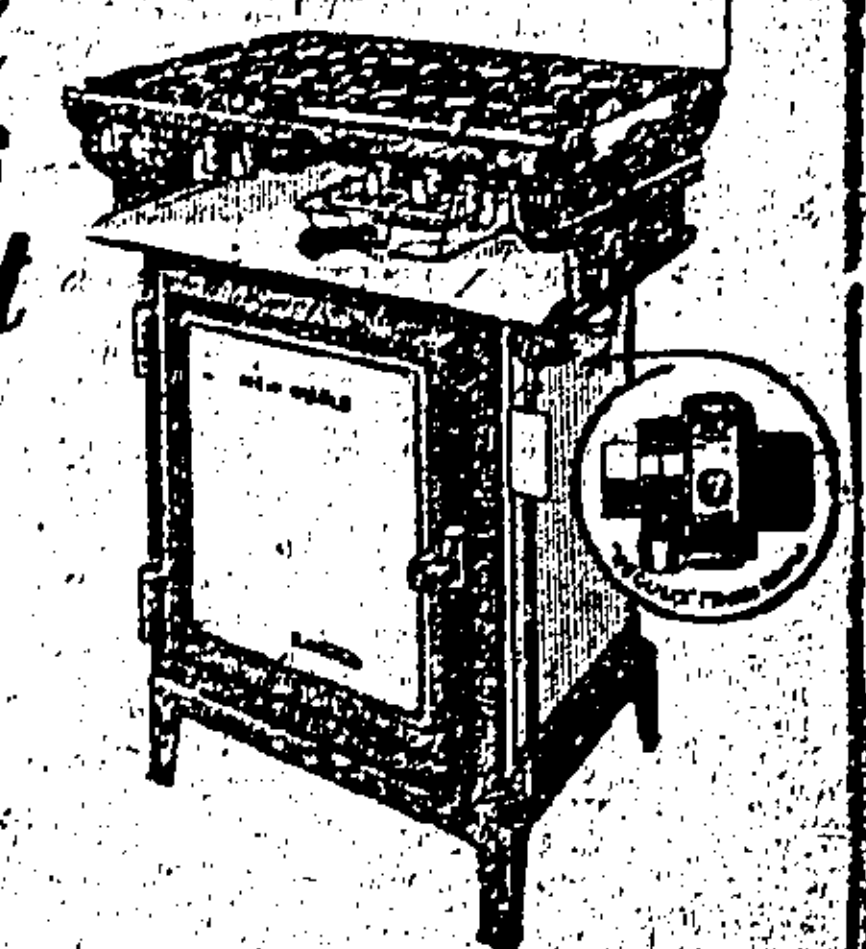

Peiping, Sept. 6. General Ho Ying Chien, chairman of the Peiping Military Council, is much embarrassed by the difficulty of suppressing bandits in the Luentung districts, owing to insufficient number of armed forces stationed there. There are still a large number of refugees from the "ex-war zone," who refuse to return to their native villages because there is no guarantee for safety and peace.

Mr. Yin Tung, member of the Luentung Retrocession Commission, is suggesting to Mr. Shibayama, military attaché of the Japanese Legation, a scheme for Sino-Japanese co-operation to suppress bandits in Luentung. However, no decision is expected to be reached in this direction until the return of General Huang-Fu.—*Central News Agency*.

...I'll back my wife's cooking against anybody's!

When you hear this said anywhere, you can be sure his wife has a Radiation "New World" "Regulo" controlled Gas Cooker! He's the man that gets his meals perfectly cooked, dead on time—and he's the man that always has the small gas bill, too! The "Regulo" on the "New World" oven keeps the heat at the right point automatically, and cannot vary. There's no need to look in the oven, and every dish you cook must be successful—every time! See these wonderful Cookers at our showrooms to-day!

You must have one of these Cookers! They are finished in beautiful porcelain enamel—simply a rub with a damp cloth keeps them in showroom condition.

HOME FOOTBALL NEWS AND FORECASTS

THIS SATURDAY'S WINNERS SELECTED

STANDINGS OF THE TEAMS UP-TO-DATE

(By "LEFT-OUT")

The Home Football season is now in full swing although it is but three weeks old, some surprises have been recorded. It is the early season upsets that make the league competitions so interesting, and while it is too early to make any predictions as regards the ultimate outcome of the competitions, some teams are attracting plenty of attention. These teams show definite promise of doing "something big" while a few of the combinations who are not occupying too enviable a place in the league tables at the present may improve as the season progresses.

As usual, I have selected a list of the possible winners for this week's matches, and this time I am also giving a very short review of each team.

NOTES ON THE TEAMS

First Division

Aston Villa.—Having the advantage of playing at home, Aston Villa last year's runners-up, should average their defeat at the hands of Tottenham Spurs last week, by taking full points from Liverpool. However, it must be taken into consideration that Liverpool is in a much better league position than Aston Villa, but on the whole, I think the latter should win.

West Bromwich.—West Bromwich, although playing away, will have to go all out if they wish to record their second win of the season on Saturday when they meet Blackburn who have so far won two out of three matches. It is very difficult to forecast the result of this match, but I think a drawn game most likely.

Everton.—Everton, last year's Cup winners, and who are making a strong bid to wrest the championship from the Arsenal, should have no difficulty in beating Sheffield Wednesday. Besides having the advantage of playing at home, they have a very fine record so far, winning three times and losing once.

Huddersfield.—Huddersfield, who lost to Portsmouth last week on the latter's ground will have to improve considerably if they want to take full points from Leeds United. Although Huddersfield have the advantage of playing at home, the League record of the United who have so far won twice and lost once must be taken into consideration.

Stoke City.—Stoke City, one of the two teams that were promoted, is likely to meet their Waterloo on Saturday when they play Portsmouth who are at present second in the League table. As far as form shows, I think the most Stoke City can hope for will be to share the points.

Wolves.—This team, which was beaten by Chelsea last week, will in all probability take full points from Sunderland who were also beaten last Saturday. However, in view of the fact that they are almost in a similar league position, it will not be very surprising if the game should be drawn, but the odds are slightly in favour of the home team.

Leicester City only managed to draw with Manchester last week and they must exert themselves if they hope to break even in their match with Tottenham Hotspurs this Saturday, as the latter showed surprisingly good form to beat the Arsenal earlier on.

Newcastle will meet Derby City this week-end and although the latter have not won a game as yet, the chances are that the game will end in a division of points. Chelsea should not find any difficulty in retaining their 100 per cent. record when they meet Sheffield United.

Second Division

Blackpool will find their opponents too strong for them this week, although they are playing at home, they will probably lose to Port Vale.

Bradford, is meeting Bradford City and by virtue of playing at home should add another win to their credit.

Bury, playing at home, should have no difficulty in beating Lincoln who have not yet won a single match out of three.

Hull City, although having the advantage of playing on their own ground will have to improve considerably if they wish to collect points from Millwall who so far have won two, drawn one and lost one out of the four matches they have played.

Bolton, will play Manchester United this week. The latter has not won a game yet, but they will be playing on their own ground, and should gain their first win.

Notts Forest should have no difficulty in collecting the two points from Oldham, who have not yet won a single match.

Fulham, who have won two matches out of three should beat Swansea who have lost all their

Queen O' South v. Ayr U.
RANGERS v. Celtic
ST. JOHNSTONE v. Cowdenbeath

SOUTHEAST HAPPY

Pleasing Form Shown In First Trial

Southend United, judging by the form shown in their practice games have the makings of a useful side. All the ten newcomers showed style and speed.

There is the possibility of a smart right wing in Stoker (Huddersfield) and Lane (Birmingham), who did well Stoker being particularly prominent for the "Stripes".

The new half-back Smith, from the Wolves, was a clever tackler, and passed judiciously. The teams were evenly matched, although Moore, in the "Blues" goal, had quite a lot of work to do.

"Blues," who scored through Clenshaw and Redfern, beat "Stripes," for whom Moritt scored, by 2-1.

FOOTBALL MOVEMENTS

Watford recently signed R. McIndoe, inside forward from St. Mirren, the Scottish League club. He is twenty-three years old and is 5ft. 8ins. tall.

W. Ferguson, the Chelsea half-back, has signed for Queen of the South, the Scottish League club. A transfer fee of £500 was put on Ferguson by Chelsea, but the Football League have granted the player a free transfer.

Tottenham Hotspur have signed David Jones, an eighteen-year-old outside left from Ynysyddu Pals, a South Wales junior team. Several League clubs were seeking his services.

Preston North End have signed Tom Pritchard, a centre half who was formerly with Wolverhampton Wanderers and Charlton Athletic, and who last season played for the latter.

crack. Still they ought to win. Hamilton will have to fight hard if they wish to stop Motherwell from taking both points from them.

Falkirk should have no difficulty in beating Airdrie on their own ground.

Hearts should beat Hibernians. Kilmarnock ought to add further points when they meet St. Mirren this week.

Queen's Park will meet Third Lanark this week and should take full points.

Queen O'South will have to go all out in order to take full points from Ayr this week.

Rangers should have an easy victory over Celtic this week.

St. Johnstone, who did well in drawing with Airdrie on the latter's ground last week, should beat Cowdenbeath this week.

THREE GOAL WIN

London, Sept. 5.
In the Northern Section of the Third Division of the Football League to-day, Rochdale defeated Hartlepool by three goals to nil.—*Reuter.*

Mr. O'Brien is going to play him in his proper position at left-half, but Brown, who has usually played on the left wing, is going to come into an outside right. The left-wing position is more or less booked for George Clarke, late of Crystal Palace.

UNITED AT NORWICH

Keen On Another Struggle For Promotion

Norwich City confidently expect to be again in the promotion struggle at the end of the 1933-34 season. "We did it last year," they argue, "and we are retaining the bulk of last season's players."

Newcomers to the forward line are: W. H. Barnes (outside right), formerly of Working Town and an amateur international, who spent last season as a professional with the Arsenal; Vinnall, who, after making a name with Folkestone, had eighteen months in the service of Sunderland; T. Pike (inside or outside left) formerly of Southend; and R. E. Thompson, a nineteen-year-old player who has been with Hartlepool United.

The defence is expected to be the same as at the end of last season. Directors and shareholders during the close season have been much troubled as to the future home of the club. The directors were equally divided on the question of whether the club should stay at The Nest, where they have been since 1908, or move to Boundary Park on the city boundary.

A pool of shareholders was taken, and there was a big majority in favour of staying at The Nest. With this problem settled the club united in spirit, and in purpose.

Mr. T. Parker starts his first complete season with the team. He has given trials to a large number of amateurs, and more will play in private practice matches.

List of players:—Goalkeepers: C. N. Wharton, R. Robinson.

Backs:—J. H. Hannah, A. E. Thorpe, W. Smith, G. G. Wilson. Half-backs: B. C. Robinson, R. Morris, T. Williamson, J. R. Scott, W. L. V. Flack, D. Lochhead, S. H. Ramsay, T. Halliday.

Forwards: S. Bell, W. H. Barnes, R. Keating, T. Scott, E. J. Vinnall, R. Williams, K. Burditt, T. Pike, R. E. Thompson, I. Murphy, Glyn Davies (Welsh amateur international).

HOPES AND FEARS

Of New Soccer Manager

Footballers will be inclined to pity Mr. Mick O'Brien, who recently took over the management of the Queen's Park Rangers just after about the worst season in the club's history. What a task this is for any man, let alone one new to management!

Mr. O'Brien is naturally somewhat anxious. He tells the writer that it is chiefly the first match he is worrying about. Not that the rest of the games will be any less important, but he thinks that the result of his club's opening match with Brighton at Loftus-road will have a big effect one way or the other on the support the team gets.

He will know the worst. He is keen to know just how successful he has been in building up a side and how much he will learn from that first match.

If the players blend even fairly well at the start, the rest may be easy. If no team-work is forthcoming, O'Brien will know the worst. He will realise that his troubles are only just starting, for he can expect little money to spend on new players.

A Fine Playing Record. Born, just outside Dublin forty years ago, Mr. O'Brien has spent most of his life in England. One of the greatest centre-half backs of his day, he was capped by Ireland ten times, being first honoured while playing for the Rangers, a man of fine physique, no one would imagine that he had a care in the world, but one fancied he will have many a sleepless night before that first match is played.

After leaving the Rangers O'Brien played for Hull City, Leicester City, Derby County, Norwich City, and Watford in turn. It was only last season he brought his playing career to a close, but it will be no surprise if he turns out yet again for the Rangers if ever they are in a tight corner.

Ideas About the Team. The new Q.P.R. manager has retained thirteen of last season's staff and signed ten new players. His principal capture is perhaps Joe Devine from Sunderland. Devine was originally a left-half, but frequently played in Sunderland's forward line.

NEW SINGLES BOWLS CHAMPION

HYDE LAY OVERWHELMS R. F. LUZ

COATES BEATS BRADBURY FOR THIRD PLACE

A. Hyde Lay of the Kowloon
Cricket Club won the Singles Lawn
Bowls title yesterday when he
defeated R. F. Luz of the Club de
Recreio by 21 shots to 15 in the
final, played on the Craigengower
Cricket Club's green before a very
large gathering of bowling enthu-
siasts.

The new champion fully deserved
his victory and although at times
play was not of too high a stand-
ard, Hyde Lay showed flashes of
brilliance that only a champion
could show. He was consistent
right through, and long before the
match was over, it was evident that
he would win.

Luz was inclined to be erratic
and played a very poor game in-
deed. Except for the first two
heads, he was never in the lead and
on two occasions he allowed Hyde
Lay to score the maximum. In the
eighteenth head, when the score was
standing at 19-11 against him, he
pulled himself together and counted
four, but in the very next head,
Hyde Lay by scoring two put the
issue beyond doubt.

| 19 | 4 | 15 |
| 20 | 15 | 21 |

THE PLAY

Bowling in the first head was
comparatively indifferent and Luz
scored a single. In the second head
Luz was lying two shots early on
and Hyde Lay was unable to move
them. With 3 points against him,
Hyde Lay managed to score three
by brilliant play and drew level,
to forge ahead on the fourth head
when he scored a single. Hyde
Lay was actually lying two but
Luz managed to bump one of them
away with his last wood.

In the fifth head Hyde Lay was
lying two when Luz came along
with the last wood, which after
bumping in two places carried the
jack to count the shot! The score
was now level at 4-4. A two and
a single for Hyde Lay gave him a
lead of 7-4 by the end of the eighth
head. Luz then scored a single, a
toucher with his second wood count-
ing. In the next head Luz was
short with his first two woods,
while Hyde Lay was well up. Luz
was behind with his third shot and
Hyde Lay drew one more. Luz
tried to carry the jack with his
last wood and although he touch-
ed the jack, did not make any
change. Hyde Lay drew his last
wood well to count four. This was
a disastrous head for Luz and from
this point onwards he never looked
like winning.

In the next three heads, play was
of a moderate standard; Hyde Lay
added one more point and Luz two
singles to make the score 12-7
against Luz. The thirteenth head
found Luz throwing a short head,
and, being once again guilty of
being short, he allowed Hyde Lay
to score another four. With the
score at 16-7 it looked all over for
Luz but in the next head he scored
2 and in the next was lying two
when Hyde Lay drew in and count-
ed one to lead by 17-9. Luz scored
two in the next head, which was
very poorly played, the woods be-
ing "miles off" the jack.

In the seventh head Hyde Lay was
lying two shots when Luz managed

to come through and rest on the
jack. In spite of this Hyde Lay
came along with his last wood to
rest on Luz' shot to count a single.
Another single in the 18th head put
the score at 19-11 in Hyde Lay's
favour and realising that the next
head might be the last Luz put all
he knew into the game and scored
a four, making the score 19-19 in
his favour.

The last head was the best of all.
Hyde Lay scored a toucher with his
first shot and Luz was jack high
about a foot away. Hyde was six
inches behind the jack with his
second shot and Luz rested on the
toucher but did not move it. Hyde
Lay then carried the Jack slightly
but only lay one while Luz in an
attempt to remove the shot shifted
the jack to another position with
Hyde Lay still counting one. The
K.C.C. player drew one more shot
with his last wood to win the
game.

The green was erratic and both
players at times seemed worried by
it.

BRADBURY v. COATES

The tie for second place between
Bradbury and Coates was some-
what one-sided as Coates was play-
ing at the top of his form while
Bradbury failed to produce any of
the brilliance that he had shown
in earlier rounds.

Coates led from the start and was
never headed again. By the seventh
head he was leading 9-3 when Brad-
bury scored two shots. Things were
even for a while, and by the thirteenth
head Bradbury had got
to 9-19 but in the very next head
Coates scored a 3 and after con-
ceding two shots went on to score
a 9 and a three to lead by 20 to
12. The 18th head went to Brad-
bury by a single but the end came
in the next head when Coates
scored a toucher with his first
wood against which Bradbury
could make no reply.

The Score.

gistered two years ago—about the
same time that the girl in this
case was taken by the defendant.
He himself would not have
thought she was committing an
offence against the mul tsai Or-
dinance had it not been for this
paragraph in the Ordinance—

"A mul tsai includes every
female domestic servant whose
employer for the time being shall
have made, directly or indirectly,
within or without the Colony, any
payment to any person for the
purpose of securing the services of
such female as a domestic ser-
vant."

This paragraph, Mr. Kwan sug-
gested, was not meant to deal
with a case of such circumstances
as those before the Court. The
present case was peculiar, and the
greatest argument for the defend-
ant was that the S.C.A. did not
object to the girl remaining with
the defendant. He suggested that
a caution would meet the case.
A fine of \$50 was imposed, the
magistrate remarking that he was
taking a lenient view of the case.

HOME CRICKET

Eleven Players Get Centuries

London, Sept. 6.
No fewer than eleven centuries
were scored in the three first-class
cricket matches which concluded
yesterday: Harry Parks, the Sus-
sex batsman, carrying off honours
with two undefeated three-figure
innings against Essex.

Patsy Hendren made 105 against
Yorkshire, this being his tenth
century of the season.

Essex surprised Sussex in the
last County Championship match
of the season when they compiled
560 for 9 and forced their rivals
to follow on 158 behind.

The holiday crowd at Folkestone
were treated to a glorious exhibi-
tion of batting by "Wally" Ham-
mond and Frank Woolley, two of
the most attractive batsmen in
England.

They were also favoured by a
sparkling innings by George Head-
ley, the "Black Bradman" who
scored 167 in a big partnership
with G. C. Grant (115), his skip-
per.

It was Headley's ninth three-
figures innings, while Hammond
registered his twelfth century.

Herbert Sutcliffe played dogged
cricket against the M.C.C. at Scar-
borough for 107.

Results as cable by Reuter:

COUNTY CHAMPIONSHIP

Essex took first innings points
from Sussex at Leyton.
Essex 560 for 9 dec. (O'Connor 93,
D. R. Wilcox 74)

33 for 2 wks.

Sussex 402: (Parks (H.) 114 not
out)

285 for 6 dec. (Parks (H.) 105
not out)

FRIENDLIES

M.C.C. drew with Yorkshire at
Scarborough.

Yorkshire 557 for 8 dec. (Mitchell
158, Leyland 133, Sutcliffe 107)

286 and 463 for 7 (R. E. S.
Wyatt 105, Hendren 105)

The West Indies drew with an
England XI at Folkestone.

England XI: 382 for 9 dec. (Ham-
mond 133)

272 for 5 (Woolley 136)

W. Indies 558 (G. Headley 167,
G. C. Grant 115).

UNUSUAL MUI TSAI CASE

Court Takes "A Lenient View"

Appearing on behalf of a Chin-
ese woman charged with keeping
an unregistered mul tsai, Mr. C.
Y. Kwan pleaded guilty in Mr.
Butters' Court at the Kowloon Ma-
gistrate's to a technical offence and
asked the Bench to take a lenient
view of the case owing to the un-
usual circumstances.

Sub-Inspector Fraser, of the
S.C.A., stated that defendant had
a registered mul tsai at her re-
sidence besides the girl in ques-
tion. The girl in this case was
very well-treated, being well-fed
and well-clothed, and had herself
expressed a desire to remain with
her mistress.

Mr. Kwan said his client had no
idea that she was committing an
offence until he pointed out to
her that it was an offence even
under the circumstances in which
she was keeping the girl. He was
instructed to say that the mother
of the girl had known the defend-
ant for a number of years, and
for two years was hard pressed
for money. Defendant offered to
let her have the money (\$50) if
she would allow her daughter,
who was then 12 years of age, to
work for her until the girl was
16 years of age. That period of
services would automatically wash
off the debt. This was agreed to
and since then the girl had been
with the defendant.

Mr. Kwan also pointed out that
the registered mul tsai was re-

SILK CAMPAIGN IN U.S.

Y6,000,000 To Be Spent Over
Three Years

Plans of the Japanese silk industry to spend Y6,000,000 annually for three years in the United States for advertising and other promotional activities were announced to-day by Mr. Inai at a luncheon tendered to the members of the Japanese silk delegation by the Silk Association of America and other bodies. He said that the necessary fund may be contributed in part by the Japanese Government.

The delegation is sailing from San Francisco for Japan on September 8th. Reflecting the progress of national recovery, employment in the silk industry in this country increased by 18.8 per cent. in July compared with June and was 64.6 per cent. greater than in July last year.

A BATHING SUIT
CONTROVERSY

A quaint position has arisen at Aylmer, a summer resort on the Quebec side of the Ottawa river, just west of the capital, where many Ottawans have their summer homes.

The town council has passed a by-law that bathing suits must cover the chest and extend to the knees, that bathers shall not stray more than twenty and thirty yards from the water, and that none shall bathe between 10 p.m. and 7 a.m.

The town constable is perturbed, for the council has left it for him to decide just where the chest begins and what length is knee-length.

The bright young people now threaten to wear the tunics, bloomers, mob caps, and stockings of the Gay Nineties, if the by-law enforced.

ROOSEVELT'S "NEW DEAL" COMMENCED

U.S. INDUSTRIAL RECOVERY
ADMINISTRATION

BEGINS GIGANTIC PROGRAMME

Washington, August 31.

At midnight to-night the Industrial Recovery Administration begins its gigantic programme for managing a nation's business. At that time, the blanket code for industry, together with a number of individual codes submitted to cover special situations, will come into effect.

It has been arranged that factory whistles throughout the country will announce the official beginning of President Roosevelt's "new deal," and the managed effort to raise prices, wages, living standards and to reduce the hours of labour. In some cities, formal celebrations will be staged, as, for instance, in Detroit, centre of the automotive industry. The sounding of the whistles will mark the passing of child labour in mechanical callings and the beginning of a Government experiment that many have characterised as radical and dangerous.

President Roosevelt, unworried concerning the success of this effort, has gone on a cruise along New England coast, confident that eighty per cent. of the country's business concerns are behind him, and that he will be successful.

CHILD LABOUR IN U.S. TO END

With eighty per cent. of American industry pledged to co-operate with the Government under the code system, the National Industrial Recovery Administration announced to-day that its goal was to bring all industry under the code within sixty days.

From to-morrow, those industries that have submitted codes and had them approved will begin their united march against depression and, in the meantime, the work of bringing a total of twelve million separate business establishments under 300 codes will proceed, it was said.

Some 13,500 codes have been received from various branches of industry and business and Gen. Hugh Johnson, the Recovery Administration's chief, said he believed it possible to simplify the system so that only 300 codes would be required.

It was found that separate codes had been submitted for the employment of chorus girls, cinema players, photographers and mechanics. All the motion picture endeavours can come under a single code, and possibly the theatres as well, it was said. Similarly, codes have been submitted by each branch of the garment industry. While Gen. Johnson said he was pleased that the codes had been submitted voluntarily, he thought the system should be simplified as much as possible. Industrial leaders have agreed to this, he said, and the work will begin to-morrow.

Simultaneously, in an address telephoned to Detroit where it was broadcast, General Johnson announced that the recovery programme had passed the experimental stage.

"It is actually working and making progress in most cities and more money is being paid to employees," he said. "This money is being spent for new goods and the country is definitely in a better economic condition."

The address was part of the celebration staged in Detroit to mark the start of the city on its new programme.

No mention was made of Mr. Henry Ford, Detroit's leading citizen, who has refused to sign the automobile code. General Johnson congratulated Detroit on its wholehearted effort to make the Administration's plans a success.

He touched upon the complaints against the "Blue Eagle" badge of honour. Some have contended that the programme of buying goods only from those who have joined the movement amounts to blackmail.

"The people of this country have a right to refuse to purchase goods from those who refuse to put their shoulder to the wheel. It must be remembered that purchasers have themselves joined the army that is fighting depression. They are making better business. It is their money that is being spent."

While the major industries in most cases are already operating under the new codes, midnight to-night is the time set for the general advance and whistles, bells and horns all over the country will announce the beginning of the recovery effort.

Passing of Child Labour. The bells and whistles, however, will, according to General Johnson, mark something more important than a fight against the depression. It will mark the passing of child labour in the United States.

After to-night, no employer subscribing to any of the codes will employ children less than sixteen years of age in mechanical callings. Rarely in history has there been an event affecting so many children in the mass as the signing of the codes. The adoption of the code system foreshadows the adoption of the proposed constitutional amendment prohibiting child labour.

It will affect immediately some 250,000 children in factories. It will, however, work no hardship on

the families to which those children, belong because the wages of the adult members have been increased.

Children working in agriculture are not immediately affected by the codes which represent seventy per cent. of the total. They will be affected later, however. Farm children work in clean healthful surroundings and it was the desire of the President to free factory children first.

It is estimated that in all there are 887,000 children employed in the United States. The proposed amendment has already been adopted by fifteen states.

General Johnson meanwhile is taking it for granted that eighty per cent. of industry will be co-operating with him to-morrow but he is going to make sure that there is no "bootlegging" of the "Blue Eagles." The badges are easy to obtain and he admitted that some merchants and manufacturers may place them on their doors without signing the codes. More than a million and a half volunteers will visit the places carrying the label to-morrow and ask to be shown the certificate that is issued to all who sign the code.

If the code is displayed illegally, it will be removed by a Federal agent.—United Press.

President's Powers.

Grand Rapids, Mich., Aug. 31. The special powers under which President Roosevelt is attempting to lead the country out of the depression were conferred upon him willingly and gladly by the American people, the Attorney General, Mr. Chester Cummings told the American Bar Association, which is in session here. Mr. Cummings was defending the centralised authority which now exists at Washington.

"This authority was given in the emergency legislation passed by Congress," he said. "It was given for the period of the emergency only but it was given by the people as surely as if a national vote had been taken. There was no protest when their duly elected representatives took the action."

"That this power was given for the period of the emergency is recognised by the President and all those associated with him. It will end when the emergency ends."

Mr. Cummings said that no man in America will be happier when that power can be returned to the people and their Congress than the President himself. He said the people elected him to perform a specific task and he is doing his best to merit their confidence in him.

Attorney-General concluded by saying that the U.S. Supreme Court has always recognised the existence of emergencies and that there is no doubt of the legality of the President's various moves. "There is no doubt," he said, "that Congress has the right to delegate its powers to the President at such times."—United Press.

Setbacks Reported.

Washington, Aug. 31. Some coal mine owners are refusing to adhere to the new code and a strike of silk workers in Paterson, N. J. threatens to spread to 40,000 employees.

These instances indicate that, although the work of the National Recovery Administration is as vigorous as ever, setbacks in the programme are constantly to be faced.

An open split within the National Recovery Administration over labour is revealed by the resignation of three members of the executive, including Mr. Dudley Cates, General Johnson's deputy, who is opposed to an horizontal labour policy as provocative and inconsistent with the spirit of the Recovery Act.

Mr. Cates favours the creation of vertical unions under Government sanction and supervision for the benefit equally of workers, owners and consumers.

General Johnson confirmed to

LUCY GLITTERS SPRINTS HALF MILE

Impressive Gallop Yesterday Morning By
Lady Peel's Candidate

SUBS DOING SLOW WORK

Lucy Glitters, Lady Peel's Australian pony, was sent over a fast half mile yesterday morning, with Benny Proulx on the saddle, and the pony clocked 59 seconds, with a last quarter of 28.

Amongst those on the rail to watch this excellent performance, was His Excellency the Governor, Sir William Peel.

Lucy Glitters is in tip-top condition and should have no difficulty in winning a race during the coming season.

Work generally was on the slow side as will be seen from the times given below. Some of the subscription griffins finished strongly, principally Warrington, Golden Dragon, Hey Tor, Vigilance, and Burgomaster.

Trenbridge is now back on the course together with King's Justice and other ponies from the "Dynasty" stable, but none of their candidates were tried out.

HOLIDAY CRUISES

Innovation By Dutch Mail
Line

The Nederland and Rotterdam Lloyd royal mail lines have introduced specially reduced rates for a short cruise from Colombo to Sabang and back, occupying only six days. These cruises by the regular outward passenger liners will start on September 21. The inclusive cost for the trip has been fixed at Rs. 200 (1st-class) and Rs. 120 (2nd-class).

Sabang is the port of the Island of Web, which being situated off the northern end of Sumatra enjoys a somewhat similar climate to that of Colombo, and there are numerous pleasant motor-runs and an exceptional fine fresh-water bathing pool where the time can be spent whilst on shore.

The vessels to be put on these cruises are: Balaoran, Chr. Huys, Indrapura, Joh. v. Oldenbarnevel, Dempo, Sibajak, and Marnix v. St. Aldegond.

CONSIGNEE NOTICES.

NOTICE TO CONSIGNEES

PENINSULAR AND ORIENTAL
STEAM NAVIGATION Co.'s
STEAMER "CORFU"

ARRIVED HONG KONG ON
6TH SEPT., 1933.

FROM ANTWERP, LONDON, GIBRALTAR, MARSEILLES, MALTA, PORT SAID, ADEN, COLOMBO AND STRAITS.

CONSIGNEES of Cargo by the above-named Vessel are hereby informed that their Goods are being landed and placed at their own risk in the Hong Kong and Kowloon Wharf and Godown Company's Godown at Kowloon, where each Consignment will be sorted out Mark by Mark and Delivery can be obtained as the Goods are landed.

Optional Goods will be landed here unless Instructions have been given to the contrary Six Hours before arrival of the Steamer.

Goods not cleared within 8 days including date of arrival will be subject to Rent.

No Fire Insurance will be effected by us in any case whatsoever. Damaged Packages must be left in the Godowns for examination by the Consignees, and the Company's Surveyors. Messrs. GOSNOLD & DODD, at 10 a.m. on Mondays and Thursdays, within the Free Storage period.

Consignees are specially notified that it is necessary for a Revenue Officer to be present at the examination to damaged dutiable cargo.

All Claims against the Steamer must be presented to the Underwriter on or before 26th Sept., 1933, or they will not be recognized.

No Claims will be admitted after the Goods have left the Godown.

YESTERDAY'S OFFICIAL QUOTATIONS

Lands and Electrics were again enquired for this morning, but without attracting many sellers. Both have been marked up.

In the mining section, Rauba made a smart advance, sales being reported at \$123, but holders seem disinclined to part with any substantial parcels.

Hotels and China Lights were easier throughout the morning.

Sales

Antamoks, 80 cents.
Rauba, \$123.
Hotels, \$77.10.
Peak Trams (Old) \$15.55.
China Lights (Old) \$111.

SOYA BEAN TRADE

Fall In Exports From Manchuria

DAIREN, Aug. 28.

The aggregate shipment of soya beans and bean cake from Manchurian ports, with the exception of Antung and Chientao, from October 1932 to the end of July is returned at approximately 2,900,000 metric tons, a decrease of 900,000 tons as compared with the shipping year beginning October 1931 and terminating September 1932, according to the Manchuria Staple Produce Dealers' Union here.

Should the present pace continue during the months of August and September of the current produce year, a monthly decrease of 50,000 metric tons may result, it is calculated, making the total decrease for the year 1,000,000 metric tons.

The large decrease has been caused by the lack of trade with China, owing to the Customs tariff question, and the slow demand of Japanese farmers, who are employing sulphate of ammonia instead of bean cake as a fertilizer.

Bumper Crop Expected

In view of the bumper crop expected this year and the general decline in sales of beans and bean cakes, the market price of beans is expected to undergo wide fluctuations.

The price of beans touched the lowest level here this month. The record was 4.30 Yen per 100 kin (1 kin equaling 1.32 pounds). The average for the month was 4.48. The price has been steadily declining since January, when the average was 5.18 for the month, with a high point of 5.27.

In 1930 the highest price was 5.46, in 1931 it was 6.88 and last years being respectively 6.80, 5.90 and 5.22.—Reuter.

THE MANILA CARNIVAL

Industrial Section Encouraged

Manila.—At a meeting held last week, the board of directors of the Philippine Carnival Association decided definitely to hold a carnival in 1934, from January 27 to February 11, inclusive. Invitation has been extended through the secretary of the interior and labour to the provinces, municipalities and chartered cities to participate in the commercial and industrial fair which will be the most important feature of the 1934 carnival.

Next year's carnival, the directors decided, will give greater prominence to the utilitarian and less to the frolic and merry-making aspects than in previous carnivals. In line with the legislative and general governmental policy, the forthcoming carnival will endeavor to stimulate the growth, production and consumption of native products and home-made goods, according to Arsenio N. Luz, director general.

To this end, there will be constructed inside the carnival grounds several pavilions in which the principal industries of the country will be housed. There will be booths for the principal agricultural products as rice, sugar, hemp, copra and tobacco.

There will also be booths for the principal industries such as rope-making, cloth-weaving, salt industry, marble-cutting, slipper-making hat and mat weaving.

One of the main buildings will be used exclusively for the provincial exhibits. The provinces that can afford the expenses of independent exhibit units will be provided with the required booths, free of any rental charge, inside the Provincial Exhibit Building. As in previous years the provinces will bear the expenses for installing, lighting, and maintaining their exhibits.

The provinces that cannot afford such expenses have also been invited to send their exhibits, and these will be properly displayed in one section of the Provincial Exhibit Building. Their exhibits will be assigned to a representative of the department of the interior and labour, who will take charge of displaying and selling the exhibits.

CONSIGNEE NOTICES.

NOTICE TO CONSIGNEES.

AMERICAN & MANCHURIAN LINE.

From SAN FRANCISCO, LOS ANGELES, NEW YORK, NEW PORT NEWS, NORFOLK & PHILADELPHIA.

THE Steamship

"CITY OF BAGDAD" having arrived, Consignees of Cargo by her are informed that all Goods are being landed at their risk into the hazardous and/or extra-hazardous Godowns of Messrs. Holt's Wharf, whence Delivery may be obtained.

Optional cargo will be carried on, unless Notice to the contrary be given prior to arrival of steamer.

No Claims will be admitted after the Goods have left the Godowns, and all Goods remaining undelivered after 12th Sept. 1933, will be subject to Rest.

All Claims against the Steamer must be presented to the Undersigned on or before 18th Sept. 1933, or they will not be recognized.

All broken, chafed and damaged Goods are to be left in the Godowns, where they will be examined on any Tuesday or Friday, between the hours of 10.45 a.m. and Noon, within the Free Storage period of One Week.

No Fire Insurance has been effected. Bills of Lading will be countersigned by THE BANK LINE, LTD., Agents.

Hong Kong, 4th Sept. 1933. [1765]

CONSIGNEES' NOTICE.

THE BEN LINE STEAMERS, LIMITED.

From LEITH, MIDDELSBRO', ANTWERP, LONDON AND STRAITS.

The Steamship "BENCLEUCH."

CONSIGNEES of Cargo are hereby informed that all Goods are being landed at their risk into the hazardous and/or extra-hazardous Godowns of the Hong Kong and Kowloon Wharf and Godown Co., Ltd., whence and/or from the wharves Delivery may be obtained.

No Claims will be admitted after the Goods have left the Godowns, and all Goods remaining undelivered after the 11th instant will be subject to Rest.

All Claims against the Steamer must be presented to the Undersigned on or before the 25th instant, or they will not be recognized.

All broken, chafed and damaged Goods are to be left in the Godowns, where they will be examined on the 9th instant at 10 a.m., by Messrs. Goddard & Douglas.

To comply with the General Bonded Warehouse Regulations, consignees must have a Revenue Officer in attendance when damaged dutiable goods are examined.

No Fire Insurance has been effected. Bills of Lading will be countersigned by GIBB, LIVINGSTON & Co., Ltd., Agents.

Hong Kong, 2nd Sept. 1933. [1763]
